INTRODUCTION

DISCOVERIES OF GOLD BEFORE THE GREAT RUSH OF 1859

Many years before Americans entered the Rocky Mountain region, the Spaniards discovered mineral deposits within what is now the State of Colorado. In 1761 Juan María Rivera, pushing northward from New Mexico, visited the neighborhood of the junction of the Gunnison and Uncompagre rivers. Governor Capuchin of New Mexico, during his second administration (1762-1767), sent explorers to the same region and mines were developed.¹ At present we know but little of Spanish mining on the eastern slope of the Continental Divide, but diggings which antedate the American period are silent witnesses of the early presence of the Spaniard.²

During the first half of the eighteenth century, the French pushed up the western tributaries of the Mississippi River, and in 1739 succeeded in penetrating to Santa Fé. In later years several French expeditions reached the Spanish settlements. The French heard rumors of rich mines in the Rocky Mountains, but apparently failed to find the mineral deposits.³

After the purchase of Louisiana, many years elapsed before the public became convinced that there were rich ores in the Rocky Mountains. James Pursley claimed to

have found gold on the head waters of the South Platte,¹ but Pike's report of the discovery attracted but little attention.

The first known party of prospectors to go from the frontier settlements to the Rocky Mountains went from Missouri in 1827. The party of twenty-five Missourians headed by James Cockrell went to search for a silver mine which the leader claimed to have discovered the previous year. They reached the Raton Mountains, but failed to find the mine.²

Trappers and traders during the 30's occasionally found traces of gold, but no mines were opened by them, nor did their discoveries cause people to search for the precious metal.³

During the summer of 1835 Colonel Henry Dodge led three companies of dragoons to the Rocky Mountains with the object of establishing peace with and among the tribes along the South Platte and the upper Arkansas. In the foothills east of Pike's Peak, Dodge "found a number of fine specimens of mineral of different species . . . on the banks and in the beds of the small creeks." Whether or not these specimens showed gold or silver the report fails to enlighten us.⁴

During 1841-1844 Rufus B. Sage was hunting, trapping, and trading in the Rocky Mountains, a large part of his time being spent within what is now Colorado. In 1846 he published an excellent account of his adventures in which there are numerous statements regarding the presence of precious metals in the Rockies. He stated

that gold had been found in Horse Creek,¹ in the Medicine Bow Range,² and in the Black Hills of southeastern Wyoming.³ He said that the Arapahoe Indians inhabited the country bordering upon the South Platte and the Arkansas rivers and that the region was rich in gold and silver.⁴ On the headwaters of the Kansas River he saw formations which showed "certain indications of gold."⁵ The statements of Sage did not attract the gold seeker, and not until a decade after the discovery of gold in California, did the public seize with avidity upon the possibilities of fortune in the Rockies.

William Gilpin, the first territorial governor of Colorado, made three trips into the Far West during 1844-1849, and became convinced that the Pike's Peak Country was rich in precious metals.⁶ Various reports that gold existed in the Rocky Mountains came from trappers and emigrants during 1848-1852, but the lure of California called the adventurous and the Colorado deposits remained buried in the mountain fastnesses.⁷

THE GOLD RUSH

It was the panic of 1857 which led directly to the development of the Pike's Peak Country. Many a man lost his fortune during the financial depression of 1857 and 1858.⁸ Reports of discoveries of the precious metal began to filter into the frontier settlements and soon the newspapers were filled with glowing reports of the New Eldorado, raising new hopes in many who were facing ruin.

By the summer of 1858 two groups of gold seekers had made their way to Colorado.¹ One of these groups was made up of Georgians and Cherokees, and was headed by William Green Russell. They entered Colorado by way of the Santa Fé Trail. Most of them moved northward, and on June 24 camped at the mouth of Cherry Creek. Discouraged by unsuccessful prospecting, several of the party returned to their homes, but thirteen men remained and continued prospecting. On June 30 five or six dollars' worth of gold was washed from the sands of the South Platte and a few days later a good strike was made on Little Dry Creek.

An emigrant named Cantrell, returning from Salt Lake City, carried some of the Dry Creek silt to the frontier town of Westport. This gave rise to exaggerated stories regarding the richness of the Pike's Peak Country. After taking a trip into North Park, members of the Russell party prospected the creeks as far north as the Cache la Poudre River. Winter quarters were established near the mouth of Cherry Creek.

The second group was the "Lawrence Party," which left Lawrence, Kansas, and followed the Santa Fé Trail into Colorado. Their first prospecting was in the neighborhood of Pike's Peak. From there they moved to the Sangré de Cristo Creek, where they heard of the success of the Russell Party. They determined to move to the South Platte. There they found enough gold to encourage most of them to spend the winter in Colorado. Those

Hollister, *The Mines of Colorado*, 59-130. The critical historical worker will find them rather unsatisfactory.

who returned to Kansas showed a sufficient amount of gold to cause excitement in the settlements.

Before the end of 1858 several parties from Missouri, Kansas and Nebraska made the long trip across the plains. Most of them wintered in the neighborhood of modern Denver, but some of them went to the mouth of the Fountain River where Pueblo now stands; others to the site of Boulder, and others elsewhere.

The "Lawrence Party" in September organized the Montana Town Company. The site selected did not prove to be satisfactory and some of the party moved to the east side of the mouth of Cherry Creek, where they founded Charles City. A rival town called Auraria soon sprang up on the west side of the creek. A party from Lecompton and Leavenworth arrived at Auraria in November and organized the "Denver City Town Company," naming it after Governor Denver of Kansas. The Denver Company included in its plat lands of the St. Charles Company. Newcomers continued to arrive, and Denver and Auraria soon became towns of considerable size. Prospecting continued during the late fall and winter, and settlements were begun which eventually developed into Boulder, Colorado City, and Pueblo.

Exaggerated tales of the richness of the Pike's Peak Country appeared in the eastern newspapers during the winter, and early in 1859 a great rush began. Most of the goldseekers came up the Platte or Arkansas, but many followed the difficult trail up the Smoky Hill. Probably a hundred thousand people came to Colorado in the spring of 1859. Many were grievously disappointed, and about forty thousand returned to "the states" before the summer was over.

Fortunately gold was found in paying quantities. The first important strike was made at Gold Hill (Boulder County). A more important one was made near the site of Idaho Springs (Clear Creek County), by George A. Jackson, and near Central City (Gilpin County) John H. Gregory found gold. The discoveries by Jackson and Gregory pointed the way and thousands of men began to stake claims along Clear Creek and its tributaries. Others began prospecting and staking claims along Boulder Creek and its tributaries. Congested conditions and the fact that many prospectors were unsuccessful led to the search for other fields. The South Park mines were opened; Tarryall Creek, the Fairplay region, and the Blue River country were soon producing gold. In 1860 the mining area was considerably enlarged by the discovery of "pay dirt" on the Arkansas River about twenty-five miles below modern Leadville, and near the headwaters of the river. Placer mining reached its zenith in 1860, and after that steadily declined, and not until the Hill process of treating refractory ores was perfected did mining activities develop greatly. At the end of 1860 the white population did not exceed 35,000. The first census of the Territory of Colorado was taken in the summer of 1861 and showed a population of 25,329.¹

GOVERNMENTAL ORGANIZATION

When the gold rush began the Pike's Peak Country fell within the Territories of Kansas and Nebraska. The region east of the Continental Divide and south of the fortieth parallel was within the Territory of Kansas, and the territory north of the fortieth parallel and east of the summit of the Rocky Mountains fell within the bound-

aries of Nebraska.¹ The principal mining camps were in Arapahoe County, Kansas, a county which had never been fully organized.²

It became evident to the settlers that they were too far from the settled areas of Kansas to obtain the benefits of its established government. Before the close of 1858 men at Auraria conceived the idea of asking Congress for a territorial organization. On November 6 Hiram J. Graham was elected delegate to Congress. Upon his arrival at Washington he found that a bill had been introduced to organize the "Territory of Colona" in the Pike's Peak Country. Another bill was also pushed forward to organize a temporary government for the "Territory of Jefferson." Neither bill passed.

The Pike's Peakers took steps to get in touch with the Kansas government by electing A. J. Smith to represent them. In February, 1859, the Kansas Assembly abolished Arapahoe County and created five counties in its place.

The settlers foresaw the necessity of immediate provision for maintaining law, order, and property rights, and accordingly took matters into their own hands. In April, 1859, a convention was held at Auraria which resolved that the "State of Jefferson" be created. The boundaries as laid down by the convention embraced a larger area than the present State of Colorado, including portions of the modern States of Nebraska, Wyoming, and Utah as well as Colorado, about 177,000 square miles in all.

² Frederic L. Paxson, "The Territory of Colorado," in *The American Historical Review*, XII, 55; Helen G. Gill, "The Establishment of Counties in Kansas," in *Kansas Historical Collections*, VIII, 452.

On June 6 delegates met in Denver for the purpose of drawing up a constitution, but the convention adjourned before its work was completed. A sentiment favoring a territorial organization soon developed. The convention, which came together on August 1, completed a state constitution and submitted to the voters the question of whether the new government was to be that of a state or a territory. On September 5 the people voted in favor of territorial government, and October 10-12 a convention perfected a provisional government for the Territory of Jefferson. Many people believed that the Territory of Jefferson was illegal and an election was called to elect officers under the laws of Kansas. Captain Richard Sopris was elected a representative and eventually took his seat in the Kansas Legislature. The real government of the Pike's Peak Country, however, was administered under the laws of the Territory of Jefferson, although many transactions were conducted in accordance with the laws of Kansas. The Territory of Jefferson existed until superseded by the Territory of Colorado, which was created by act of Congress on February 28, 1861.¹

As soon as the miners began to penetrate the mountains, they found it necessary to establish local governments. They took matters into their own hands, laid off mining districts, organized governments, and enacted laws. Little attention has been paid to this phase of Colorado history. It has been the belief of most investigators that the records of the districts could never be recovered, and historians have been content to draw their conclusions mainly from five printed laws which belong to the Colorado State Historical and Natural History Society.

and from the records edited by Clarence King and published by the Census Office in 1885, entitled, *The United States Mining Laws and Regulations thereunder, and State and Territorial Mining Laws, to which are appended local Mining Rules and Regulations.*¹

An examination of the contents of the vaults in the offices of the county clerks of Gilpin, Clear Creek, and Boulder counties brought to light a great mass of documents of 1859-1861. Transcripts of the laws and minutes of the miners' meetings have been made and are now accessible at the University of Colorado.

These have been supplemented by documents obtained from Mr. Jesse S. Randall, the editor of *The Georgetown Courier*, from the papers of Senator Teller and of Mr. Hal Sayre of Denver, and by excerpts from *The Rocky Mountain News*, the principal contemporary Colorado newspaper.²

The documents are so numerous and voluminous that it has not been possible to publish them all at this time. The present volume is confined to Gilpin County. As far as possible the documents of each district are arranged in chronological order, and the districts follow the order of their organization. A faithful attempt has been made to preserve the spelling and punctuation of the originals, no matter how weird the effect. The map, which is printed as the frontispiece, was drawn from a rare old map which hung in the Office of the County Clerk of Gilpin County.

The compiler of this volume is especially grateful for courtesies extended to him by the county clerk of Gil-

pin County, Frank G. Moody; by F. A. Maxwell, the deputy county treasurer, L. A. Hafer, the county clerk, and George D. Criley, the deputy clerk, of Clear Creek County; and by Francis Beckwith, the county clerk of Boulder County. Members of the staff of the State Historical and Natural History Society have done all in their power to give assistance. Professor James F. Willard aided materially in obtaining the Sayre and Teller papers and gave much valuable time in editorial assistance. I am especially grateful to Mr. Hal Sayre of Denver, to the heirs of Senator Teller, and to Jesse S. Randall of Georgetown for materials which they generously gave to the University, and to Victor I. Noxon, editor of *The Boulder County Miner*, for many useful suggestions.

Financial assistance which made the investigation possible was given by the Supervisors of Gilpin County, by Charles Loughridge of Denver, and by the following citizens, banks, and business houses of Boulder: John A. McKenna, William Loach, Warren F. Bleecker, Charles F. Linsley, Robert Sterling, J. W. Valentine, J. E. Kirkbride, J. P. Maxwell, John Armstrong, Boulder National Bank, Buchheit and Graham, The Hub Stores Company, and Professor R. D. George.

GREGORY DISTRICT

MASS MEETING, GREGORY'S DIGGINGS.¹

The first mass meeting ever held in the Rocky Mountains, assembled at the Gregory Diggings, on Tuesday evening the 8th inst. [June 8, 1859]. Between two and three thousand miners were present, although only a few hours verbal notice of the meeting had been given. Judge H. P. A. Smith was called to the chair.

Hon. Horace Greeley, the first speaker, was received with three cheers. He alluded to the cheering indications he had seen during the day, in examining the mines and sluices. He had always had a suspicion—from which he was not yet entirely free—that these mines would not prove equal in richness to those of California; but in view of the great discoveries of the last five weeks, there was evidently a vast future before this region. It was by no means probable that all the gold of the Eastern slope was confined to this little area of seven or eight miles. He advocated the formation of a new State, and trusted that one might be made and brought into the Union without going through the troublesome and undemocratic form of a Territorial organization. He spoke at length, of the peculiar temptations towards drinking, gaming, etc., to which the miners were subjected, and urged them to steadfastly avoid them; to look to untiring industry instead of speculation for their accumulations; to maintain good order, and to live as the loved ones they had left at home—the brothers and sisters, fathers and mothers, wives and children—would wish; that when they returned they might carry with them the reward of their labors. If a gambler, after being warned not to do so, should persist in coming among them, he advised putting him on a good mule,

¹ *Rocky Mountain News*, June 18, 1859, p. 1. Other accounts of the trip of Greeley and Richardson may be found in Horace Greeley, *An overland Journey from New York to San Francisco*, and in Albert D. Richardson, *Beyond the Mississippi*.

headed out of the mountains, and asking him if he would not like to take a ride? (Laughter and applause.) He should in a few days go hence to Salt Lake and California, and it was one purpose of this trip, to do what he could to hasten the construction of the Pacific Railroad, which ought to have been built long ago (loud applause). When Mr. Greeley retired three rousing cheers were given for him.

B. D. Williams Esq., acting Superintendent of the Express Company, was called out and made a few remarks. He stated that he had come through from Leavenworth to Denver City in six days and twenty-three hours; that Eastern letters to and from Denver would hereafter be brought by the U. S. Mail at the legal rates; that a charge of but twenty-five cents would be made by the Company for taking letters between Denver and the Diggings; that Jones & Russell—whose names were types of magnanimity throughout the West—had large supplies of provisions on the road, which they proposed to sell here at fair, not extortionate prices (Cheers).

Judge Smith, in response to the call of the meeting, spoke of the flattering prospects of the mines, and the rich treasures in the gulches and ravines of the mountains that were now opening. He advocated, earnestly, the movement for a new State. We were 700 miles from the Kansas seat of government; a mining region required laws radically different from an agricultural one; it was impossible, as at present situated, to secure the prompt and legal administration of justice. The new State he trusted, without going through the chrysalis condition of a territory—was to spring fully matured into existence, like Minerva from the brain of Jove—and here, in its proper position, on the apex of the Rocky Mountains, was to be the real Keystone State of the Union (vehement applause). He understood that the Kansas Legislature had appointed Commissioners to lay out new counties and locate the county seats here, for which they were to receive each five dollars per day and expenses, not one cent of which was to be paid from the Territorial Treasury, but by the people here. He thought it would be well to carry out Mr. Greeley's idea about the gamblers, and when one of these

Commissioners came, to put him on a mule, and give him an invitation to ride out of the country! (Laughter and cheers).

A. D. Richardson Esq., was next introduced. A good deal had been said tonight about mules and mule-riding; now he was a candidate for one of those mule-rides. He was one of the Commissioners appointed to organize a county here and locate the county seat (laughter). Like the last speaker, he had not objected to coming out under a fat appointment. Five dollars a day and expenses was a good thing. A mule was a good thing too; he didn't happen to own one, and if they presented him with one, should not decline it—in fact, would rather like it (excessive merriment). As for the ride, he could only say: Strike, but hear him! He reached Denver yesterday; but in a few hours had become satisfied that here were the elements of a great State, to be developed with wonderful rapidity. He hoped it might become a State in the Union, and escape the servile and dependent form of a Territory. Interested here in common with all other citizens, he could do nothing to retard that event or to complicate the issues. Therefore, "Montana County" would hardly be organized just yet: and he was prepared to sell out his emoluments—cheap (applause). But like the ass who starved between two bundles of hay, he feared he was to lose both the mule and the five dollars a day—which was really melancholy to contemplate. He congratulated the hardy pioneers, who had remained through all obstacles, and now began to be rewarded. He had met many returning emigrants, looking as if they were under a very deep conviction of sin. The late discoveries promised to add a new star to the federal constellation, and to locate the great Pacific Railroad of the future in this central region—away from the deserts of the South, and the snows of the North. Not many years would elapse before the people of the sea-board would come, for Summer recreation, to these "mother mountains," and at some station not far away, Boston and San Francisco, London and Canton, would meet and exchange salutations and newspapers, while their respective trains were stopping for breakfast.

(Three cheers were given for Mr. R., and a unanimous vote of approval for his conduct was passed.)

Dr. J. Casto was called out, and in a few remarks urged the miners who had not found paying leads, to push on toward the snowy range, whither an exploring party was going in a few days.

The Meeting then adjourned. It was a stirring sight to see so large an assembly in the Mountains, and was, no doubt, surprising to the grizzly bears, who held undisputed sway there six weeks ago.

THE KANSAS GOLD MINES.¹

We are indebted to the kindness of Mr. Williams, of the Leavenworth & Pike's Peak Express, for the following report from Messrs. Greeley, Richardson, and Villard, which will give satisfaction to the public mind, and at once set at rest the cry of "humbug" reiterated by the returning emigration from this region. The names of the gentlemen signed to this report are sufficient to give it credence without further comment from us; and the indefatigable exertions of Mr. Williams to get it before the public are commendable.

Denver City, K. T., June 10th, 1859.

Gentlemen:—Will you do me the favor to furnish me, for publication, such facts in reference to the Gold Mines, as you obtained upon your recent visit to them, in company with myself and others? We desire that the facts should be presented to the public as they exist.

Yours respectfully,

D. B. Williams,
Agent "Jones & Russell's P. P. Express. Co."

Messrs. Horace Greeley, of the N. Y. "Tribune"; A. D. Richardson, of the Boston "Journal"; and Henry Villard, of the Cincinnati "Commercial."

Denver City, K. T., June 10th, 1859.

Dear Sir:—In reply to your favor of this morning, we

herewith submit a report, written at the "Gregory Diggings," of such facts as we witnessed there, and obtained from the lips of the miners. We have endeavored to make it definite and specific as possible, and to give an unbiased statement of the present condition and progress of the first important gold discoveries in the eastern slope of the Rocky Mountains. We desire to acknowledge your many courtesies during the trip.

Respectfully,

D. B. Williams, Esq.

Gregory's Diggings, near Clear Creek, in the Rocky Mountains,
June 9th, 1859.

The undersigned, none of them miners, nor directly interested in mining, but now here for the express purpose of ascertaining and setting forth the truth with regard to a subject of deep and general interest, as to which the widest and wildest diversity of assertion and opinion is known to exist, unite in the following statement:

We have this day personally visited nearly all the mines or claims already opened in this valley, (that of a little stream running into Clear Creek at this point;) have witnessed the operation of digging, transporting, and washing the vein-stone, (a partially decomposed, or rotten quartz, running in regular veins from south-west to north-east, between shattered walls of an impure granite,) have seen the gold plainly visible in the riffles of nearly every sluice, and in nearly every pan of the rotten quartz washed in our presenee; have seen gold, (but rarely) visible to the naked eye, in pieces of the quartz not yet fully decomposed, and have obtained from the few who have already sluices in operation accounts of their several products, as follows:

Zeigler, Spain, & Co., (from South Bend, Ind.) have run a sluice, with some interruptions, for the last three weeks; they are four in company, with one hired man. They have taken out a little over three thousand pennyweights of gold, estimated by

them as worth at least \$3,000; their first days work produced \$21; their highest was \$495.

Sopris, Henderson & Co., (from Farmington, Indiana,) have run their sluice six days in all with four men—one to dig, one to carry, and two to wash: four days last week produced \$607: Monday of this week \$208; no further reported. They have just put in a second sluice, which only began to run this morning.

Foote & Simmons, (from Chicago:) one sluice, run four days: two former days produced \$40; two latter promised us, but not received.

Defrees & Co., (from South Bend, Ind.,) have run a small sluice eight days, with the following results: first day, \$66; second day, \$80; third day, \$95; fourth day, \$305; [the four following days were promised us, but, by accident, failed to be received.] Have just sold half their claim, [a full claim is 50 feet by 100,] for \$2500.

Shears & Co., (from Fort Calhoun, Nebraska,) have run one sluice two hours the first, (part of a) day; produced \$30; second, (first full) day, \$343: third, (today,) \$510: all taken from within three feet of the surface; vein a foot wide on the surface; widened to eighteen inches at a depth of three feet.

Brown & Co., (from De Kalb Co., Ind.,) have been one week on their claim; carry their dirt half a mile; have worked their sluice a day and a half; produced \$260; have taken out quartz specimens containing from 50 cents to \$13 each in gold; vein from 8 to 10 feet wide.

Casto, Kendall & Co., (from Butler Co., Iowa,) reached Denver, March 25th; drove the first wagon to these diggings; have been here five weeks; worked first on a claim, on which they ran a sluice but one day; produced \$225; sold their claim for \$2500; are now working a claim on the Hunter lead, have only sluiced one, (this) day; three men employed; produced \$85.

Bates & Co. one sluice, run half a day; produced \$135.

Colman, King & Co., one sluice, run half a day; produced \$75.

Shorts & Collier, bought our claims seven days since of Casto, Kendall & Co., for \$2500; \$500 down, and the balance as fast as taken out. Have not yet got our sluices in operation. Mr. Dean, from Iowa, on the 6th inst., washed from a single pan of dirt taken from the claim, \$17.80. Have been offered \$10,000 for the claim.

S. G. Jones & Co., from Eastern Kansas, have run our sluices two days, with three men; yield \$225 per day. Think the quartz generally in this vicinity is gold-bearing. Have never seen a piece crushed that did not yield gold.

A. P. Wright & Co., from Elkhart Co., Ind. Sluice but just in operation; have not yet ascertained its products—Our claim prospects from 25 cents to \$1.25 to the pan.

John H. Gregory, from Gordon Co., Georgia. Left home last season, *en route* for Frazier River, was detained by a succession of accidents at Ft. Laramie, and wintered there. Meanwhile, heard of the discoveries of gold on the South Platte, and started on a prospecting tour on the Eastern slope of the Rocky Mountains, early in January. Prospected in almost every valley, from the *Cache la Poudre* creek, to Pike's Peak, tracing many streams to their sources. Early in May arrived on Clear Creek, at the foot of the mountains, 30 miles Southeast of this place. There fell in with the Defrees & Ziegler Indiana Companies, and William Fouts, of Missouri. We all started up Clear Creek, prospecting. Arrived, in this vicinity, May 6; the ice and snow prevented us from prospecting far below the surface, but the first pan of surface dirt, on the original Gregory claim, yielded \$4.—Encouraged by this success, we all staked out claims, found the "lead" consisting of burnt quartz, resembling the Georgia Mines, in which I had previously worked. Snow and ice prevented the regular working of the lead till May 16th.—From then until the 23rd, I worked it five days with two hands, result, \$972. Soon after, I sold my two claims for \$21,000 the parties buying, to pay me, after deducting their expenses, all they take from the claims to the amount of \$500 per week, until the whole is paid. Since that time, I have been prospecting for other parties, at about \$200

per day.—Have struck another lead on the opposite side of the valley, from which I washed \$14, out of a single pan.

Some forty or fifty sluices commenced, are not yet in operation; but the owners informs us that their “prospecting” shows from 10 cents to \$5 to the pan. As the “leads” are all found on the hills, many of the miners are constructing trenches to carry water to them, instead of building their sluices in their ravines, and carrying the dirt thither in wagons, or sacks. Many persons who have come here without provisions or money, are compelled to work as common laborers, at from \$1 to \$3 per day and board, until they can procure means of sustenance for the time necessary to prospecting, building sluices, etc. Others, not finding gold the third day, or disliking the work necessary to obtaining it, leave the mines in disgust, after a very short trial, declaring there is no gold here in paying quantities. It should be remembered that the discoveries made thus far, are the result of but five weeks’ labor.

In nearly every instance, the gold is estimated by the miners as worth \$20.00 per ounce, which, for gold collected by quicksilver, is certainly a high valuation, though this is undoubtedly of very great purity. The reader can reduce the estimate if he sees fit. We have no data on which to act in the premises.

The wall rock is generally shattered, so that it, like the veinstone, is readily taken out with the pick and shovel. In a single instance only did we hear of wall-rock too hard for this.

Of the vein stone, probably not more than one-half is so decomposed that the gold can be washed from it. The residue of the quartz is shoveled out of the sluices, and reserved to be crushed and washed hereafter. The miners estimate this as equally rich with that which has “rotted” so that the gold may be washed from it; hence, that they realize, as yet, but half the gold dug by them. This seems probable, but its truth remains to be tested.

It should be borne in mind that, while the miners here now labor under many obvious disadvantages, which must disappear with the growth of their experience and the improvement of

their now rude machinery, they at the same time enjoy advantages which can not be retained indefinitely, nor rendered universal. They are all working very near a small mountain stream, which affords them an excellent supply of water for washing at a very cheap rate; and, though such streams are very common here, the leads stretch over rugged hills and considerable mountains, down which the vein-stone must be carried to water, at a serious cost. It does not seem probable that the thousands of claims already made or being made on these leads can be worked so profitably in the average as those already in operation. We hear already of many who have worked their claims for days (by panning) without having "raised the color" as the phrase is—that is, without having found any gold whatever. We presume thousands are destined to encounter lasting and utter disappointment, quartz veins which bear no gold being a prominent feature of the geology of all this region.

We cannot conclude this statement without protesting most earnestly against a renewal of the infatuation which impelled thousands to rush to this region a month or two since, only to turn back before reaching it, or to hurry away immediately after more hastily than they came. Gold-mining is a business which eminently requires of its votaries capital, experience, energy, endurance, and in which the highest qualities do not always command success. There may be hundreds of ravines in these mountains as rich in gold as that in which we write, and there probably are many: but, up to this hour, we do not know that any such have been discovered. There are said to be five thousand people already in this ravine, and hundreds more pouring into it daily. Tens of thousands more have been passed by us on our rapid journey to this place, or heard of as on their way hither by other routes. For all these, nearly every pound of provisions and supplies of every kind must be hauled by teams from the Missouri river, some 700 miles distant, over roads which are mere trails, crossing countless unbridged water courses, always steep-banked and often mirey, and at times so swollen by rains as to be utterly impassable by waggons. Part of this distance is a desert, yielding grass, wood, and water only

at intervals of several miles, and then very scantily. To attempt to cross this desert on foot is madness—suicide—murder. To cross it with teams in midsummer, when the water courses are mainly dry, and the grass eaten up, is possible only to those who know where to look for grass and water, and where water must be carried along to preserve life. A few months hence,—probably by the middle of October,—this whole Alpine region will be snowed under and frozen up, so as to put a stop to the working of sluices if not to mining altogether. There then, for a period of at least six months, will be neither employment, food, nor shelter within five hundred miles for the thousands pressing hither under the delusion that gold may be picked up here like pebbles on the sea-shore, and that when they arrive here, even though without provisions or money, their fortunes are made. Great disappointment, great suffering, are inevitable; few can escape the latter who arrive at Denver City after September without ample means to support them in a very dear country, at least through a long winter. We charge those who manage the telegraph not to diffuse a part of our statement without giving substantially the whole; and we beg the press generally to unite with us in warning the whole people against another rush to these gold-mines, as ill-advised as that of last spring—a rush sure to be followed like that by a stampede, but one far more destructive of property and life.

Respectfully,

Horace Greeley,
A. D. Richardson,
Henry Villard.

MINERS' MEETING.¹

At a meeting of the miners of Gregory Diggings on the North Fork of Clear creek, K. T., on the evening of the 8th inst., [June 8, 1859] Wilk Defrees was elected President and Joseph Casto, Secretary.

¹ *Rocky Mountain News*, June 11, 1859, p. 2. These laws were also printed on a large sheet entitled LAWS AND REGULATIONS OF THE GREGORY DIGGINGS DISTRICT. On the printed sheet Sections 10 and 11 were omitted.

1st. Resolved that this Mining District shall be bounded as follows: Commencing at the mouth of the North Fork of Clear creek, and following the divide between said stream and Rallston Creek running seven miles up the last named stream to a point known as Miners Camp. Thence South West to the Divide between the North Fork of Clear Creek and the South Branch of the Same to place of beginning.

2nd. Resolved that no miner shall hold more than one claim except by purchase or discovery, and in any case of purchase the same shall be attested by at least two disinterested witnesses and shall be recorded by the Secretary and the Secretary shall receive in compensation a fee of one dollar.

3rd. Resolved, that no claim which has or may be made shall be good and valid unless it be staked off with the owner's name, giving the direction length, breadth also the date when said claim was made, and when held by a company the name of each member shall appear conspicuously.

4. Resolved that each miner shall be entitled to hold one mountain claim, one gulch claim and one creek claim for the purpose of washing, the first to be 100 feet long and fifty feet wide, the second 100 feet up and down the river or gulch and extending from bank to bank.¹

5. Resolved that Mountain claims shall be worked within ten days from the time they are staked off, otherwise forfeited.

6. Resolved that when members of a company constituted of two or more, shall be at work on one claim of the company the rest shall be considered as worked by putting a notice of the same on the claim.

7. Resolved, each discovery claim shall be marked as such, and shall be safely held whether worked or not.

8. Resolved, that in all cases priority of claim when honestly carried out shall be respected.

9. Resolved that when two parties wishing to use water on the same stream or ravine for quartz mining purposes, no

MINERS' MEETING AT GREGORY DIGGINGS.¹

Pursuant to previous notice a mass meeting of the miners of Mountain City, Gregory diggings and vicinity, was held in front of Kehler & Patten's store, on Saturday evening, Oct. 29th, A. D. 1859, to consult and advise relative to the course to be prescribed by the miners of the mountains in relation to the efforts being made by the citizens of Denver and Auraria to reduce the price of gold dust from the rates for which it has hitherto been received.

The meeting was called to order by Dr. C. R. Bissell, and the call for said meeting was read.

Upon motion T. T. Prosser was elected President and Winton Smith, Secretary.

A motion was then made that a Committee of Three be appointed to draft resolutions expressive of the sense of this meeting relative to the efforts of certain persons in Denver and Auraria to reduce the price of gold dust, from its value as heretofore established, whereupon Geo. W. Brizce, Col. Sam'l McLean, and C. R. Bissell were chosen to act upon said Committee.

The meeting was then addressed by Messrs. Flanegan, Prosser, Patten, Rariden and Dr. Stone; after which the Chairman of the Committee on Resolutions announced that said Committee were ready to make their report, and introduced the following to wit:—

“We, the people of the mining district, having been informed that an effort has been made by the citizens of Denver and Auraria, to reduce the price of Gold dust from the rates for which it has formerly been received, and as we believe from the schedules which we are well aware have been received from the United States Mint, it is of much greater value than the price for which they propose to receive it. Therefore:—

1.—“*Resolved*, That the action of the Merchants and Traders of Denver and Auraria Cities regarding the late reduction

¹ *Rocky Mountain News*, November 10, 1859, p. 4.

on the rates of gold dust meets with our most hearty disapprobation and disapproval.

2.—“*Resolved*, That we will let no means fail of expressing our disapprobation of this measure, *both by will* and by act, and we hereby cordially agree, as miners, to support each other in this resolution.

3.—“*Resolved*, That we duly appreciate the action of our Mountain Traders in the aid and comfort they have extended to us in receiving our gold dust at the usual prices while they themselves are suffering from the changes lately affected.

4.—“*Resolved*, That in our efforts to render null and void the self constituted action of the Merchants and Traders of Denver and Auraria, relating to the value of gold dust, we will in no case lose sight of our own Mountain Traders who have, and still are, standing by us arm to arm and shoulder to shoulder in all our endeavors to put down an effort not only mean and unjust but derogatory to the dearest interests of every working man in the Rocky Mountains.

5.—“*Resolved*, That we believe, and are well assured in our belief, that certain speculators in Denver and Auraria, have sent some of the poorest specimens of retorted gold mixed with quartz to the mint to be coined, which they could by any possibility obtain for the purpose of swindling mountain men and miners, and that we will use our every effort to direct trade from the points before named to such as will receive our gold at its intrinsic value, and where goods can be purchased at the lowest rates.”

The foregoing resolutions, after being read, were adopted by the meeting without a dissenting voice, after the meeting was addressed by Mr. McIntire and Mr. Clark.

Col. McLean then addressed the meeting who stated that he had been a miner in California; that the gold dust there was of inferior quality to that obtained here, for which over nineteen dollars per ounce was realized at the mint, upon an average.

Geo. W. Brizee then addressed the meeting; he stated, during the course of his remarks, that the valleys were dependent

upon the mountains but the mountains were not dependent upon Denver and Auraria. If we can purchase our goods at the same prices in Golden City, and they will receive our gold at the usual rates, we had better patronize them, or if we should send a train of thirty or forty wagons to the States through Denver and Auraria, to supply our wants, they may be soon convinced as to whether the mountains were dependant upon the valleys.

The Chairman, T. T. Prosser, then addressed the meeting; he stated among other good things, that the evidences given us by nature were conclusive that there is no more difficulty in wintering in the mountains than on the plains, so far as the inclemency of the weather is concerned, for we find the bulb cactus growing here in abundance in connection with other tender plants never found in the regions of the north. These facts in connection with others have induced us to make an attempt to winter in these mountains, notwithstanding the fabulous stories of Denver and Auraria, and the time is not far distant when it will be evident, not only to the capitalist, but to the business man, that the source of wealth is the mountains, and all efforts made to depreciate their true value is against the miner's interest directly, and indirectly against all connected therewith. Therefore, it becomes all that are interested in these mines to guard with a jealous care our mountain interests.

Mr. Rariden was then called upon who stated that he had no further remarks to make relative to the objects of the meeting, but announced several meetings to be held in various districts, and among others that a meeting would be held in Russell's district where various certificates will be exhibited, showing the true value of the gold taken from the leads and gulches in said district, after which the meeting, upon motion, was adjourned until Saturday evening next.

Winton Smith, *Secretary*.

T. T. Prosser, *President*.

MINERS' MEETING.¹

Proceedings of a Meeting of the Citizens of Gregory District, held Pursuant to a Notice of Captain Sopris, President of the District,

May 25th, 1860.

Meeting called to order by Captain Sopris, at 8 P. M. W. W. Snelling chosen Secretary.

Capt. Sopris, in a clear and concise manner, explained the object of the meeting to be to take measures to obviate the various discrepancies in the laws of the District, and to amend the laws in such manner as to give full and ample encouragement to the new comer, while they should protect property already acquired, but only where such property has been acquired *bona fide*, and urged that a committee be appointed to propose such alterations as appeared necessary.

On motion of H. P. A. Smith, esq., a committee of three was appointed to draft resolutions relative to such alterations as appeared essential, which committee consisted of Messrs. Smith, Hughes and Tasher, who thereupon retired to draft resolutions.

In the interval of the absence of the committee, the meeting was addressed by Capt. Sopris, who congratulated the citizens upon their present prosperity and future prospects; spoke at length of the riches existing in our hills and vallies, awaiting the labor of the enterprizing and industrious miner, and in an eloquent manner warned them of the vices too often attendant upon a society newly formed and afar from the influences under which they had been reared, and spoke upon the evils and difficulties arising from the jumping of claims, and the numerous trials arising therefrom.

At 9 o'clock the committee returned and reported the following resolutions, which were adopted:

Resolved, 1st, That lead claims shall be held, where honestly taken up or purchased, without any requisition of labor upon the same, for one year from June 1st, to give time for supplying machinery for working the same.

¹ *Rocky Mountain Herald*, June 2, 1860, p. 4. The resolutions were also found in Gregory District, Record C.

Resolved, 2d, That when machinery is owned or used by any person owning more than one claim, that labor on one claim shall hold the others as firmly as if they also were worked.

Resolved, 3rd, That when any person owns a Gulch, Ravine, Flat or Patch claim, where there is at present no water for working the same, he shall hold the same without being required to work it, until ten days after there shall be water sufficient to work the claim.

Resolved, 4th, That where there is any doubt of the honesty of any bill of sale of a claim, and the witnesses are, by any good reason, not to be found, the holder may be examined under oath, at the request of any adverse party.

Resolved, 5th, That the records of the District shall bear the same weight hereafter, as evidence of title and right, that they have heretofore done, until the repeal of the above laws.

Resolved, 6th, That the first record, taken in good faith, of a mill claim, shall, in all cases, be held good until the expiration of the present season; and where any person shall place on record his intention to improve, shall hold until the 1st of June, 1861.

Resolved, 7th, That in case of the death of any person owning property in this District, it shall be the duty of the President to appoint an administrator of the estate, who shall be required to give bonds and close up the property according to the laws of Kansas Territory; and he shall, in all cases where possible, appoint some relation of the deceased, in want of which, some other responsible party, and he shall, in all such cases, have the power and perform the duties of a Judge of Probate.

Resolved, 8th, That these laws shall be in force from and after their passage.

Upon the reading of the 7th resolution, a spirited debate ensued between Messrs. C. C. Post and H. P. A. Smith, in which the latter vindicated the propriety of adhering to the jurisdiction under which we are placed, and quietly abiding the action of Congress with regard to any new organization.

The Chairman further addressed the meeting, proposing the appointment of delegates to a General Convention of the

several District, the object of which Convention should be to establish a code of Laws, which should be adopted by the people of the several Districts.

The following gentlemen were then elected to attend said convention. R. Sopris, H. P. A. Smith and Geo. W. Brizee.

Meeting then adjourned.

W. W. Snelling, Sec'y.

FROM THE MOUNTAINS.¹

Yesterday, Friday, was a gay one throughout Gregory district. There were polls open at the Haman House, at Kehler's point, at Gregory House, Black Hawk Point, and Chase's Gulch; and the wonted crowds to be observed canvassing and carrying on for their favorites. Dr. Bissell, and A. Wilson, Esq., ran for office of Judge of the Miners' Court of Gregory District,—the latter was elected by some fifty majority. The office is worth five or six thousand a year.—There were some six or eight hundred votes polled.

MASS MEETING.¹

At a mass meeting of miners, mill men and citizens of the mountain districts, held at Central City, Saturday, April 20th, [1861], the meeting was called to order by Mr. Parker, President of Central City District, Judge Gorsline, of Eureka, unanimously elected President, and Edward P. Peters, of Nevada, Secretary of the meeting.

Dr. B. P. Rankin, of Missouri City, being called upon to state the object of the meeting, said that this convention was called to decide upon the rights of the Consolidated Ditch Co. to bring in and cede water to the miners and mill men of the upper Districts, and to gain an expression of the opinion of the citizens of these Districts in regard to those rights, and to the recent decision of the Court of the Provisional Government at Denver, against the interests and privileges of said company. The Dr. spoke at some length, and laid the case clearly before the people.

¹ *Daily Rocky Mountain News*, April 25, 1861, p. 2.

A committee was appointed, composed of one or more representatives from each district, to draft resolutions for the consideration of the meeting.

While the committee were out for this purpose, I. H. Morton, of Nevada, Dr. Rankin and I. W. Hambleton addressed the meeting, in favor of the Ditch Co. being allowed to supply their water to those applying for it.

Mr. Carlton, of Enterprise, and Judge Gray, of Missouri City, also addressed the meeting in favor of the interests of the lower and North Clear Creek districts, and adverse to the right of the Consolidated Ditch Co. to supply water to Spring Gulch.

The committee on resolutions being now ready, reported through Mr. H. B. Bearee, Chairman, who offered the following preamble and resolutions:

Whereas, In a suit tried at Denver City, his honor, J. Bright Smith, presiding, wherein the Black Hawk Mill Co. were plaintiffs and the Consolidated Ditch Co. defendants, a most unjust and illegal verdict was rendered in favor of the Black Hawk Mill Co.; and, whereas, if the rulings of said court in said suit were sustained by the people, the very objects for which the said ditch was built would be defeated; and, whereas, it becomes our duty, as it is our right, to say and define what the rights of said Consolidated Ditch are, and what they have been, and to sustain and defend them in such rights, therefore be it

Resolved, By the miners, mill men, and citizens, in mass meeting assembled, That the following sections shall be the law by which said Consolidated Ditch Co. shall be governed:

Sec. 1. The Consolidated Ditch Company have the right, established by priority of claim, to bring in and sell their water to all persons applying for the same, when wanted for mining or milling purposes.

Sec. 2. The Consolidated Ditch Co. are not, have not, and shall not be deemed liable for any damage that said water may cause after it leaves their gates, by reason of its legitimate use.

Sec. 3. All injunctions against the flowing of said water through the Company's Ditch, or its sale and delivery to miners and mill men, are hereby declared void.

Sec. 4. That while we deem the priority of right of claim, and the right to sell water without liability, in accordance with the foregoing resolutions, clear in the Consolidated Ditch Co, we would ask of the company, and recommend, that they should be at all times ready to give and effect any compromise which will not interfere with their prior rights, as embodied in their charter, with any persons who may be damaged by the use of the water.

The whole of the above resolutions being put to vote, separately, were unanimously adopted by the meeting, after being spoken upon by Messrs. Morton, Gray, Hambleton, Rankin and Col. Wood.

On motion, it was unanimously resolved that the proceedings of this meeting be published in all papers in the Territory.

On motion, the same were ordered to be transmitted to the Consolidated Ditch Co. by the Secretary, with a request to see the resolutions abided by.

On motion, it was ordered that the same be transmitted by the Secretary to the proper officer in each district for record and reference.

On motion, the thanks of the meeting were unanimously tendered to Judge Gorsline, for the able and gentlemanly manner in which he presided over the meeting.

Adjourned.

man, and C. C. Post and George Ainslee, Secretaries. By request, Judge H. P. A. Smith stated the object of the meeting and said that since, through the misrepresentations made at a meeting held at Central City on the 20th inst., the citizens of Nevada and other gulches were made to believe that the result of the verdict of the jury in the case of the Black Hawk Mill Company *vs.* the Consolidated Ditch Company would prevent said Ditch Company from furnishing water to any of the mills in Nevada or other districts, and by such misrepresentations, said meeting, held in Central City, adopted a series of resolutions virtually annulling the verdict of the jury in said case, and repudiating the Government from which said Ditch Company received their charter and the court in which said case was fully and fairly investigated; that the meeting was called for the purpose of setting the matter right before the people, and that the result of the verdict, rendered in said case and all that was asked for by the citizens of Gregory and Enterprise was to prevent the ground sluicing and use of hydraulics in Spring Gulch, that there were never more than twenty-five or thirty men interested in Spring Gulch, while, on the contrary, were they permitted to continue their ground sluicing, the property of thousands of men in Gregory and Enterprise districts would be completely ruined by the sand which has been and would continue to be washed down on them.

On motion of Col. Sam. McLean, the chair appointed a committee of thirteen on resolutions, consisting of the following gentlemen: C. R. Bissell, W. H. Bates, D. S. Parmelee, Judge A. Wilson, *Gregory*; Thos. Carleton, H. P. Cowenhoven, A. E. Buckmiller, C. W. Fisk, *Enterprise*; J. A. Hale, Judge Wells, *Chase's Gulch*; Dr. S. B. Thompson, Dr. E. S. Leavitt, *Nevada*; John C. Anderson, *Fall River*.

The committee retired, and the meeting was addressed by several gentlemen. The committee returned, and reported the following resolutions.

Whereas, The Consolidated Ditch Company received its charter from the Provisional Government of Jefferson Territory, and have heretofore recognized said government and the

courts established under it by prosecuting and defending suits in said courts, and it appearing that certain damages were incurred by parties, through the act of said Ditch Company, for which suit was instituted in the District Court of the Provisional Government, and upon the trial of the same resulted in favor of the damaged parties, and it appearing further that the decision of said court and the authority under which it acted is now attempted to be abrogated by said Ditch Company, who have through themselves or their agents by false representations and unjust means succeeded, through a meeting of miners held at Central City, in bringing about a state of affairs, which, if sustained and carried out, are calculated to produce serious and irreparable injury to the citizens of Gregory and Enterprise Districts, therefore be it

Resolved, That, as citizens of Gregory and Enterprise Districts, in Mass Meeting assembled, we have rights and privileges as dear to us as are the rights and privileges of any other section of the mining region, and that those rights and privileges have been invaded, and our property injured and destroyed by the said Ditch Company, and that said Ditch Company has violated the charter under which it claims to act by attempting to set at naught a decision in favor of the Black Hawk Mill Company, in a court of the Provisional Government.

2d. That the verdict of the jury in the case referred to, merely allowed damages for the plaintiff, and that the trial had no reference at all to the giving of water to the citizens of Nevada, or any other gulch except Spring Gulch, and only prevented said Ditch Company from giving water to said gulch for the purpose of ground sluicing and using of hydraulics, and that the use of Nevada Gulch is not what we complain of, as it has done us no injury; but we complain of the letting in of the water on Spring Gulch, as the cause of all the injury inflicted on us.

3d. That if representations were made of miners and mill men to the effect that the decision had in the case of the Black Hawk Mill Co. vs. The Consolidated Ditch Co., would virtually prevent the inhabitants of Nevada or any other gulch (with the

exception of Spring Gulch) from obtaining water as they have obtained it heretofore, we, knowing the facts, pronounce said representations false, and assert that they were made to deceive the people whose assistance they craved to carry out their unjust ends, and that the refusal of the Ditch Co., on account of the decision referred to, to give water to the people of any gulch, was done through unmanly motives, in order to incense the miners and lead them to believe that the necessity of the case required their interference.

4th. That we bear no enmity to the Consolidated Ditch Co., and have no objection to the running of the water from their ditch down through Gregory Gulch into North Clear Creek, provided they will so regulate the same, by preventing ground sluicing and the use of hydraulics, as not to injure us and our property by submerging it in sand and gravel.

5th. That if the Consolidated Ditch Co. continue in setting at defiance the mandates of our Courts, we will unite as one man with the citizens of Fall River, Clear Creek, Russell's Gulch and all other places that are injured by the running of the water thro' said ditch, and ever hold ourselves in readiness to protect and enforce the law, and if that fail to resort to such means as may be necessary for the protection of ourselves and property.

After the above resolutions were fully discussed they were adopted unanimously.

A motion was then made and carried that a copy of the above resolutions be sent to the Presidents of the different Districts throughout the mountains, and that the proceedings of this meeting be published in all the papers in Colorado Territory.

On motion, the meeting then adjourned.

LAW OF JUNE 3, 1861.¹

Be it enacted by the people of Gregory District in General Miners' Meeting assembled.

1st. That from and after the 3rd day of June A. D. 1861. the boundaries of Gregory District (by and with the consent of Enterprise District) be so changed as to include all of Enterprise District. And the Territory heretofore comprising the Districts of Gregory and Enterprise be erected into one mining District and shall be designated by such name as may be determined upon by a joint Meeting of the Citizens of Gregory & Enterprise Districts

2nd. That George W. Brizee D. S. Parmlee C. B. Clements J W Colver and Cooper be and are hereby made and appointed commissioners to meet at some convenient place at Black Hawk Point the same number of Commissioners to be appointed by the people of Enterprise, whose duty it shall be to Revise and Harmonize the Laws of the two Districts, and shall report a complete set of laws to govern the two Districts so united at a meeting to be Held at Gregory Point on Saturday Evening the 1st day of June AD 1861 at early candlelight

PRIMARY MEETING.²

Pursuant to notice the citizens of old Gregory met in Convention at the Court House in Mountain City.

The meeting was called to order, and by motion of H. C. Edwards Mr. D. S. Parmlee was chosen chairman, who in a brief address, after reading the call, stated the object of the meeting to be to elect delegates to represent Gregory District in the Territorial Convention, to be held in Denver, on the 22d inst., for the purpose of nominating a "People's Candidate," for Delegate to the 37th Congress.

On motion of A. Sisson, C. C. Post was chosen Secretary.

On motion of J. W. Russell, the Chair appointed E. G. Bissell, Capt. W. H. Bates and Judge Wilson, a committee to

² *Daily Rocky Mountain News*, July 20, 1861, p. 2.

present the names of persons for delegates to said convention, while the committee were out Thos. Hunter, L. Belden and others, addressed the meeting.

The committee returned and reported the names of Dr. A. A. Craine, John Morris, A. Wilson, M. Storms, O. S. Levis, Samuel McLean and G. Watson Brizee, as suitable persons for delegates to said convention.

After the report was received, and committee discharged, on motion of L. Belden, each person was balloted for separately, and the result of the balloting was the election of the persons whose names were reported by the committee, as delegates to said convention.

On motion of Samuel Toner, Esq., the delegates were authorized, in case any of them could not attend the convention, to substitute by written authority some one to act in their stead.

Cap. Bates offered the following resolution, which, after being discussed by Judge Wilson, C. C. Post and others, was unanimously carried:

Resolved, That our Delegates be instructed not to be tenacious for any favorite candidate, but to use all honorable means in their power to nominate some man who *will beat* Hiram P. Bennett, or an other partizan candidate.

On motion of Capt. Wm. H. Bates, the Denver papers were requested to publish the proceedings of this meeting.

On motion the meeting adjourned until Wednesday evening, to receive the report of our Delegates.

RUSSELL DISTRICT.

LAWS OF JUNE 18, 1859.¹

Be it Resolved.

That a district beginning at the mouth of "Willis" branch, including said ravine, from thence on the divide between "Clear Creek" and Russell ravine, thence on dividing ridge to claims known as the Illinois Co's and from thence on divide to place of beginning be and is hereby constituted an independent mining district to be known as the Russell Diggings and that the following rules be adopted for the government of the mines

Rule First

No miner shall be entitled to hold more than one Gulch or ravine claim and one mountain or lead claim, except by purchase or discovery and in case of purchase, the same shall be attested by at least two disinterested witnesses and shall be recorded by the secretary within five days after the sale and the secretary shall receive in compensation a fee of fifty cents.

2nd Each mountain claim shall be one hundred feet in length on the lead and fifty feet in width. Gulch claims shall be one hundred feet in length on Stream and from bank to bank, except in flats or when there is no running water, in which case claims may be one hundred feet square.

3rd Each Hill claimant shall be entitled to one sluice or tom head of water provided it does not interfere with the quantity of water necessary to wash with Tom² or sluice in the ravine, priority of claims always taking preference.

4th No claim shall not [*sic*] be good or valid unless it be staked off and the name of the owner appear conspicuously upon it, when claims are held by a Co. the name of each member must appear.

¹ Manuscript found among the Teller Papers.

² An inclined trough in which gold-bearing earth or gravel was washed.

5th All claims shall be worked within six days from the time they are staked off, in case they are in a condition to be worked—otherwise forfeited—discovery claims excepted

6th When the member of a company shall be at work on one claim of the Co., the remaining claims shall be considered as worked, by notice being posted conspicuously upon them, and in case of notices being removed or destroyed when witnesses of the fact of notice having been posted cannot be obtained the oath of the party posting such notice shall be taken as evidence.

7th Each discovery claim shall be worked as such and shall be safely held whether worked or not

8th Priority of claims when honestly carried out shall be respected

9th When disputes in regard to claims or other matters shall occur a meeting of the miners shall be called whose duty it shall be to attend, and when convened a chairman shall be chosen and a jury of six disinterested men appointed by the chair, who shall have power to decide said disputes and the chairman shall be empowered to administer oaths to jurors and witnesses.

10th The secretary of this district shall be elected by the people and it shall be his duty to keep a Book in which he shall record all claims that may be presented to him for record upon the payment of a fee of fifty cents, and miners desiring their claims recorded must file with the Secretary a full written description of said claim with date of staking etc. and such book shall be at all times subject to the examination of any miner and shall be used as evidence in cases of disputes.

11th The foregoing laws may be altered or amended by calling a meeting of the miners. Notice of the same being posted in at least three conspicuous places and three days in advance

AUGUST 9, 1859.

Resolved

That All claims now held by miners, shall be held good and valid by having them recorded before leaving the country or within six days after quitting work thereon until the fifteenth

day of June next, and that any and all claims purchased or held by purchase where a valuable consideration is paid, by having the same recorded shall be held until that time and that all claims taken under the old and first laws of this district shall be held as valid to the owner or owners as when taken

Resolved

That the most natural marks belonging to each miner's claim together with the boundaries of claims adjoining thereto with name of the Gulch, Flat or Hill shall be a valid description and lawful defining of claims upon record, and that *no Ex post facto* law shall interrupt or effect the right of the miners in their claims as they are now understood and located

OCTOBER 8, 1859.

1st Resolved. That any person or persons driving a Tunnel in said district shall be entitled to 400 feet in length and 300 in width as surface claim at the mouth of said Tunnel for Tunnel deposits

2nd All persons driving a Tunnel shall be entitled to 800 feet on each and every lead from the mouth to the terminus of said Tunnel and at any place or places that they may see proper to locate their claims on said leads not interfering with previous claimants.

3d It shall be the duty of all persons driving Tunnels to post notices giving their terminus and direction at the mouths of their tunnels.

4th The location of all tunnels shall be recorded together with their direction and terminus

5th When tunnels are legally located it shall be considered that the tunnel company shall have a priority of right to locate their claims within a distance of 400 feet on each side of the line of their tunnel on all leads from its mouth to its terminus or on such portion of the tunnel as may be in this district.

6th Said tunnels shall be governed by the laws that all other lead diggings are governd by in said district. . . .¹

¹This paragraph was followed by a statement of boundaries. The statement was incorporated in the *Laws and Regulations* of July 28, 1860.

MARCH 24, 1860.

Resolved that Rule first of the Laws be so Amended as to read, No miner shall be entitled to hold more than one Gulch or Ravine claim one Mountain or Load Claim one Patch and one Bank claim, except they be Represented by him or agent in working on the same after the 15th day of June next.

Resolved, That each miner may hold a Load Claim till the 30th of September next or till proper Machinery can be had to work them, and a Patch claim and a Bank claim untill water can be had to work them.

MEETING AT RUSSELL'S GULCH.¹

At a mass meeting held in Russell's Gulch Oct. 21, 1859, Mr. R. R. Cowan was chosen chairman and J. A. Woodmancy secretary.

On motion, Messrs. Mark A. Moore, Edwin James, J. A. Woodmancy, B. F. Chase and D. C. Vance were appointed a committee to draft resolutions expressive of the views of the meeting and report the following preamble and resolutions, which were unanimously adopted:

Whereas, the merchants of Denver and Auraria have passed certain resolutions fixing the value of our gold dust at fifteen and seventeen dollars an oz., and declaring their determinations not to receive it in exchange for goods at a higher value.

And, whereas, we the people and miners of Russell's Gulch are well assured that it is worth more, and feeling as we do, that merchants furnishing us goods have no right whatever after making their profit on their goods to speculate upon our dust, and feeling our entire ability by concert of action to protect ourselves, do, in mass meeting assembled, declare and resolve:—

1. That we condemn entirely the actions of the merchants of Denver and Auraria in this matter, and will not submit to their dictation.

¹ *Rocky Mountain News*, Nov. 10, 1859, p. 1.

2. That we will in all practicable cases absolutely refuse to do business with, or buy goods of, not only the merchants of Denver and Auraria, but all others who refuse to take our dust at the old prices of \$16 and \$18 per oz.

3. That we hereby pledge ourselves to support, as far as practicable, mountain dealers so long as they continue to take our gold at its value, and will if necessary aid and assist them in procuring goods, and freighting them from the States to the mountains.

4. That in case our mountain supplies should prove insufficient for our wants, we will furnish means, provide teams and men, and obtain our supplies direct from the States.

5. That these resolutions are no idle threat to intimidate, but are the cool deliberation of determined men, and by them we will abide, and in their spirit we will act.

6. That a committee be appointed by this meeting to take the initiatory steps and make the preliminary arrangements for making these resolutions practicable and effective, and that they be requested to report progress at our next meeting.

7. That the proceedings of this meeting be published in the Rocky Mountain News.

E. James,
J. A. Woodmaney,
D. C. Vance,
Committee.

Messrs. John McIntire, M. A. Moore, B. F. Chase, Edwin James and John Cochran were elected to compose the committee contemplated in the 6th resolution.

And on motion the meeting adjourned for one week.

LAWS AND REGULATIONS ADOPTED JULY 28, 1860¹

At a meeting of the miners of Russell District held at the Recorder's Office on Saturday, July 21st, 1860, for the purpose of amending and revising the Laws of said District, J. T. Place was, on motion, elected chairman of said meeting. On motion a committee of nine were appointed to examine the present Laws and report to this meeting such amendments as they deem proper, on Saturday, July 28th, 1860, at one o'clock, P. M. The following gentlemen were appointed such committee: Messrs. Butler, Leonard, Stafford, Fassett, Rogers, Lyons, Shaw, McBride and Koester.

At the adjourned meeting held on July 28th, 1860, Mr. Wm. M. Baker was elected chairman, E. H. Rogers and ——— Koester, secretaries.

The committee appointed at a previous meeting reported the following code of Laws, which were adopted.

Wm. M. Baker, Chairman.

E. H. Rogers, {
 ——— Koester, } Secretaries.

BOUNDARIES OF RUSSELL DISTRICT.

BE IT RESOLVED, That a District beginning at the mouth of Willis Branch, including said ravine, from thence on divide between Clear Creek and Russell Ravine; thence on summit of ridge between Illinois Gulch and Leavenworth Gulch, the two rocky knobs on the divide being the line, extending past the mouth of Illinois Gulch to the Willis Branch; and that three thousand feet on the North side of the ditch from its mouth to its head, shall be the North-West boundary. Said District to be known as "Russell District."

This was found among the Sayre Papers. The code was largely borrowed from the Gregory District laws of February 18 and 20, 1860, but there are so many minor differences that it seemed advisable to print the entire code.

We, the President and Secretary of the Convention, held in Mountain City,¹ certify the above to be a true copy of the boundaries of Russell District.

AN ACT IN RELATION TO THE OFFICERS OF RUSSELL DISTRICT,
THEIR DUTIES, TERM OF OFFICE, AND FEES.

SECTION 1. *Be it enacted by the citizens of Russell District, in Convention assembled,* That there shall be elected by the legal voters here assembled, a Judge of the Miners' Court, a Constable of the District, and a President of the District, who, together with the Recorder of the District, shall hold their offices till the first Monday of June next, unless they shall sooner die, resign, remove from the District, or be removed from their offices for misconduct, by the citizens of the District; and on said first Monday of June next, and annually thereafter there shall be an election held for the purpose of electing such officers; who, before entering upon the duties of said offices, shall take an oath well and faithfully to perform the duties thereof according to the best of their ability. The Recorder shall be *ex-officio* Secretary and Treasurer of said District.

SEC. 2. It shall be the duty of the President to preside at all public meeting of the citizens of the District when called for purposes relating to public business, and to preside at the trial of causes when required by law.

SEC. 3. It shall be the duty of the Judge of the Miners' Court, to preside at the trial of causes; also at public meetings in the absence of the President—and perform such other duties as the law requires.

SEC. 4. It shall be the duty of the Recorder safely to keep the Books and Records of the District, and to record and file all proper papers upon payment of his fees; to act as Secretary at public meetings of the District, and to keep all moneys

paid into his hands by the Judge of the Miners' Court, to be paid over as directed by the citizens at some public meeting legally called.

SEC. 5. The Sheriff of Arapahoe County shall be vested with the same power by these laws, he has under Kansas laws, but the Constable of the District and his deputies shall be the proper executive officer of the Miners' Court, and is hereby vested with full power for that purpose.

SEC. 6. The fees of the Recorder shall be fifty cents for recording each mining claim and deed containing less than one hundred words, and one dollar for those containing over that number and at the rate of fifty cents per hundred words for all other papers recorded, and such other fees for District business as the citizens shall allow. The Constable may charge one dollar for the service of writs or papers which he may be required to serve, and twenty-five cents per mile for all travel necessary in such service, and twenty per cent on all sums under fifty dollars; ten per cent on all sums over fifty and under three hundred dollars; and six per cent on all sums over that sum which he shall collect by sale of property on execution; and shall be required by the Judge to give suitable security for all process placed in his hands. The Judge of the Miners' Court shall keep a regular docket of all proceedings had before him; shall be allowed five dollars for presiding at each trial—which shall be paid to the President when he shall preside—and be allowed at the rate of twenty-five cents per hundred words for making out the proper papers for him to make out, except writs for original service in suits, and final judgment and execution; for each of which he shall be entitled to one dollar.

SEC. 7. Every person of suitable age who actually resides in this District, is hereby declared to be a voter therein.

ESTABLISHING A MINERS' COURT AND REGULATING ITS JURISDICTION.

SEC. 8. A regular term of Court, to be known as the Miners' Court, shall be held in this District, in some convenient and proper place, upon Thursday of each week, at nine o'clock,

A.M.; and all writs to be made returnable at said term, shall be served before the Tuesday next preceding. If not so served they shall be returnable at the second term after service. Nothing herein shall be so construed as to prevent the trial of criminals at any time.

SEC. 9. The officers of said Court shall be the Judge, Clerk, Sheriff of Arapahoe County, and his deputies, Constable of the District, and his deputies, and the Attorneys of said Court, regularly admitted as such.

SEC. 10. It shall be the duty of the Court to sign all writs issuing out of said Court, by himself or his Clerk; to make all transcripts of judgments required, on payment of his fees; to enter judgments and issue executions, and pay over to the proper parties moneys collected on such judgments and executions; to try all criminals, and pay over to the Treasurer all moneys he may receive for the District for fines and judgments, and perform such other duties as necessarily appertain to his office.

SEC. 11. If the Judge of said Court shall not be able to attend any trial, or shall be disqualified from any cause to try any suit, or if there shall be more business than the Court can attend to, or if any person shall make his affidavit, in writing, that he does not believe he can have a fair and impartial trial before the said Judge of said Court, or if the said Court shall be interested in the event of any suit, either as plaintiff or defendant, or with either of them in any manner, the President of the District shall preside in the Miners' Court at such trial.

SEC. 12. The Miners' Court shall have equity as well as law jurisdiction, and may grant writs of injunction in all proper cases, and all other motions upon proper cause shown, to be supported by affidavits alone, and do all such other acts as a Court of Equity has power to do.

SEC. 13. The Miners' Court shall have power to fine for contempts, in a sum not exceeding fifty dollars, and may issue execution thereon, the same as upon a judgment.

SEC. 14. The said Court shall have power to appoint its

own Clerk whenever it shall be necessary, and such Clerk shall have the usual powers of Clerks of Courts of Record.

SEC. 15. The Jury for each term of Court shall be drawn upon the Monday next preceding each term, in the following manner: The Constable or his deputy, shall place the names of not less than fifty-four men, who shall be voters of the District, in a box prepared for the purpose, and the Judge or Clerk of the Court shall draw therefrom the names of eighteen men, who shall be summoned to act as Jurors for the next succeeding term of Court. When necessary, the Constable may summon tallymen, but no person shall be compelled to serve as Juror for two successive terms of Court.

IN RELATION TO PRACTICE.

Sec. 16. If any person shall wish to commence a civil action in the Miners' Court of this District, he shall file with the Judge or Clerk thereof, a statement in writing setting forth his grounds of complaint, which shall contain all the allegations and facts necessary to constitute a cause of action, in plain and unequivocal language. Such statement shall be called a petition, and no pleadings shall be void on account of form. And upon the filing thereof, the Court or Clerk thereof, shall issue a writ of summons, to be served upon the defendant, to appear and answer to the same at the time therein named, or judgment will be taken against the defendant by default. If the relief demanded be for a sum of money, the amount shall be stated in the summons; if for a sum of money and other relief, the summons shall state in substance, that if the defendant do not appear and answer at the time therein named, judgment will be taken against him by default, for the sum of money demanded, and such other relief as to the Court may seem meet. If the remedy applied for shall not be for any sum of money, the summons shall ask judgment for the relief demanded in the petition.

Sec. 17. The defendant may at any time before the time of trial of any case at law, entered in the Miners' Court, file his answer or demurrer—upon either of which the plaintiff may join

issue; and if an answer be filed containing new matter, irrelevant to the issue, it must be denied or avoided by the plaintiff in his reply; and all matters not denied or avoided by one pleading subsequent to another, shall be taken as confessed and true.

SEC. 18. All pleadings subsequent to the petition in Equity shall be the same as used in the United States Courts in Equity, and the term of three days shall be granted for the filing of each pleading subsequent to another until the issue be made up.

SEC. 19. All pleas in Equity shall be verified, and no remedy in Equity shall be allowed where the same can be had at law.

SEC. 20. In all cases of foreclosure of mortgage or lien of any kind upon a claim or other property, the equity of redemption shall not extend beyond thirty days.

SEC. 21. In cases of judgment for partition of claims between joint owners, three disinterested commissioners shall be appointed by the Court, who shall effect such partition.

SEC. 22. The rules of evidence as admitted in the Courts of the United States shall be observed in the Miners' Court, with the exception that either party may be allowed to testify in open Court to any facts which they are unable to prove by any other witnesses.

SEC. 23. Depositions may be used in this Court in evidence, provided the witness is sick or unable to attend the place of trial; about to leave the country, or is out of the jurisdiction of the Court. If to be taken in the County of Arapahoe, notice shall be given to the adverse party of the time and place where the said deposition is to be taken; if out of the County, no notice need be given.

SEC. 24. No cause shall be continued unless upon affidavit of a party, or his Attorney, of the absence of a material witness, whose evidence is material to the issue, as he verily believes, and that the said party cannot safely proceed to trial without the evidence of said witness, which he believes he can procure at some future time, which he shall state, or for some other good and sufficient cause.

SEC. 25. In all cases of replevin and attachment, the practice prescribed by the laws of Kansas shall be observed; and when in case of attachment the defendant has left the country, or keeps himself secreted within the same, so that process cannot be served upon him, publication by posting six notices in as many conspicuous places in said District for ten days, shall be deemed sufficient notice. The order of publication shall not be granted unless a summons has been returned by a proper officer, which shall show that he has made diligent search and inquiry, and cannot learn that the defendant is in the District, or that he cannot find the defendant, and believes he keeps himself secreted to avoid the service of a summons, together with other evidence tending to make either of said facts appear.

SEC. 26. Garnishee process may issue as part of the original writ, to be served on both defendant and garnishee, or separately; or it may issue after execution is returned unsatisfied; and in either case, if the garnishee shall pay the demand over to the defendant after legal notice, he shall still be held liable, to the amount of the plaintiff's judgment and costs—if he was indebted to that amount when service was made—and if in a smaller sum, the amount he was indebted at the time notice was served.

SEC. 27. All special proceedings shall be conducted as prescribed by the Judge of the Miners' Court, and all motions relating to such proceedings shall be sustained or approved by affidavits alone.

SEC. 28. New trials of all causes which may be tried, shall be granted in accordance with the rules of the common law; and it shall be discretionary with the Court in all cases to grant or reject the application.

SEC. 29. No debt or demand of any nature shall be collected by suit in this court which has not originated either in coming to this mining region or since the arrival of such debtor therein.

SEC. 30. In all cases where the liability of persons in action founded upon contracts or in mixed actions is not pointed

out, and defined by the laws of this District, the common law rules shall apply as to such liability.

TRIAL AND ITS INCIDENTS.

SEC. 31. In all cases where a civil action is hereafter commenced in the Miners' Court, the plaintiff shall file a bond, with good and sufficient sureties, conditioned to pay all costs which may be taxed against him in case he should fail to recover judgment in said suit, or in lieu thereof shall deposit with the Court a sum of money which the Court shall fix as surety for such costs.

SEC. 32. In case the costs cannot be collected against any defendant, wherein the plaintiff shall recover judgment, the said plaintiff shall be held responsible for all costs he shall make in said suit.

SEC. 33. Upon the return day of the summons, if either party shall call for a jury, he shall advance the fees, at the rate of one and a half dollars for each juror who shall try the case; and in case he prevail in the suit, the fees so advanced shall be taxed against the adverse party; but in case no jury is called for, the cause shall be tried by the Court.

SEC. 34. When a jury is called for, the Court or Clerk shall call the list of jurors summoned, and each party shall alternately strike one from the list until the number is reduced to six, which jury shall then proceed to try the case.

SEC. 35. If any person shall enter an appeal from a decision, he shall give notice thereof upon the same day that the verdict was rendered, either by giving notice in the open Court or by procuring the same to be entered upon the docket of the Court, and shall perfect his appeal within ten days, by paying up all costs already accrued, giving security for future costs, and paying into Court the sum of fifteen dollars, which shall be equally divided between the Judges of the Court of Appeals.

SEC. 36. The Court of Appeals shall consist of the Judge of the Miners' Court, the President of the District, who shall be the presiding Judge, and the Recorder. Said Court shall sit at such times and places as the presiding Judge shall

direct; but every case of appeal shall be set for trial within ten days from the time the appeal shall be taken, and the decision of such Court shall be final. If either of said Judges are in any way interested in the event of any suit, they shall be disqualified from trying the same; and the remaining Judge or Judges with the consent of parties, shall proceed to try said cause; and in case they do not consent, said Judge or Judges shall select some competent person or persons to sit with him or them, and hear and decide the cause.

SEC. 37. Parties shall have the right of trial by jury in equity as well as law cases; and in such cases the jury may render special verdicts, upon which the Court may enter judgment and issue its decree or order.

SEC. 38. A juror may be challenged for favor, for cause shown by his own evidence or that of others; and each party shall have the right to three peremptory challenges, which challenges shall be made first.

SEC. 39. The defeated party shall in all cases be liable for costs of suit.

SEC. 40. All executions issuing out of the Miners' Court, shall be made returnable in twenty days from date; and the Constable shall note on each execution the day he received the same, and return said execution within the said twenty days, whether satisfied or not, with his proper return endorsed thereon.

SEC. 41. All Judgments shall be a lien upon the property of the judgment debtor from the first day of the term at which such judgment was rendered.

SEC. 42. All Attorneys who practice in this Court shall take and subscribe the following oath: "You do solemnly swear, in the presence of Almighty God, that you will support the Constitution of the United States, and the laws of this District, and that you will faithfully and honestly perform the duties of Attorney, according to the best of your ability."

LEVY AND SALE UPON EXECUTION.

SEC. 43. There shall be exempt from levy and sale upon

execution, all tools necessary for one person to mine with, all clothing, cooking utensils and bedding necessary for the debtor and his family, and necessary provisions for three months; and if he have a family here, a dwelling house and lot not exceeding five hundred dollars in value; such articles of household furniture as are strictly necessary, together with a family Bible, pictures, and relics.

SEC. 44. All property taken in execution shall be posted in three conspicuous places in the District, for the ten days next preceding the sale thereof; and the Constable may adjourn the sale at any time when it appears that the property posted cannot be sold unless at a great sacrifice, for want of bidders.

SEC. 45. Money collected on execution shall be paid into the hands of the Court by the Constable, to satisfy the judgment in whole or in part, that may be recorded on his books, and the Court shall pay the same to the proper parties or their Attorneys.

CRIMES AND NUISANCES.

SEC. 46. All crimes committed in this District shall be punished as a jury of twelve men shall direct.

SEC. 47. Any person who shall cause any nuisance affecting the health of the people of this District, or liable to affect the health of the people of this District, may be sued for the same in the Miners' Court in the name of "Russell District vs. the Defendant;" who shall be liable, on conviction, to pay damages in the sum not exceeding one hundred dollars and costs of suit, for the use of said District.

SEC. 48. If any person shall obstruct any highway, or make any pit or hole and leave it open so as to endanger life or limb, upon any usually traveled road or trail, such person may be sued as aforesaid, for committing a nuisance, and be liable to said District in damages, as provided in section forty-seven, with costs of suit.

SEC. 49. Every act of commission or omission, which may affect the public health or convenience, shall be regarded as

a nuisance; and the person or persons causing the same shall be liable accordingly.

SEC. 50. After any conviction for nuisance in said Miners' Court, if the said nuisance is allowed to remain for twenty-four hours thereafter, the person or persons who caused the same, and whose duty it should have been to remove it, shall be again liable in damages, and shall also be liable for each and every twenty-four hours after a conviction, as hereinbefore provided in this act.

SEC. 51. Executions for nuisances and crimes shall issue in all cases as hereinbefore specified, in the name of the District, the same as in any other suit at law.

SEC. 52. The Judge of the Miners' Court shall pay over each week to the Treasurer of the District, all moneys he may collect from judgments in favor of the District, contempts of Court, and fines of every kind; and the Treasurer shall not pay the same out to any person, unless upon the order of the President and Judge of the Miners' Court; and said President and Judge shall have power to order the payment of said funds for public or charitable purposes.

SEC. 53. Any person who shall wilfully or maliciously set out any fire in this District, or without this District so that it shall come into this District, and destroy any timber or property, shall be guilty of a misdemeanor; and on conviction thereof, shall be punished as the Court may direct. Nothing herein shall be construed so as to invalidate the civil rights of parties.

SEC. 54. It is also declared to be a misdemeanor to peel any living timber for the sake of the bark, in this District, and may be punished as aforesaid.

SEC. 55. The Judge of the Miners' Court and the President of the District shall, before they enter upon the duties of their offices, give bonds to the District in the sum of one thousand dollars, to be approved by the Recorder of the District; and said bonds shall be safely kept by the Recorder for the use of the District. And the Recorder shall, as soon as practicable—and his successor—before entering upon the duties of his

office, give bonds to the District in the sum of one thousand dollars, to be approved by the Judge of the Miners' Court and President of the District; and said bond shall be filed with the Judge of the Miners' Court.

SEC. 56. The President of the District, or in his absence the Judge of the Miners' Court, shall have power to call a miners' meeting, whenever petitioned in writing by fifty miners; and said petition shall specify for what purpose the meeting is desired. It shall be called by posting six notices, in as many conspicuous places, in said District, at least three days before the time of the meeting; and no meeting shall take action on any subject of general importance, unless such subject be specified in such petition.

PROBATE JURISDICTION.

SEC. 57. The Judge of the Miners' Court shall also have Probate jurisdiction, and shall proceed, as far as practicable, according to the Probate laws of Kansas.

WATER COMPANIES.

SEC. 58. When water companies are engaged in bringing water into any portion of the mines, they shall have the right of way secured to them, and may pass over any claim, road or ditch, provided the water shall be so guarded as not to interfere with any vested right.

CUTTING TIMBER.

SEC. 59. No person shall be allowed to cut and carry out of the District, logs or timber of any kind, except sawed lumber; and any person violating the spirit of this act, shall be adjudged guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding one hundred dollars; such fine to be collected in the same manner as other judgments.

BOUNDARIES OF DISTRICT.

SEC. 60. The boundaries of this District shall remain as fixed by the Convention, held at Mountain City last March, un-

til changed by a vote of two-thirds of the voters of the District at some public meeting legally called, or until changed by a Convention of Delegates from this and the adjoining Districts.

DEFINING CLAIMS.

SEC. 61. All miners may hold one gulch claim, one quartz or lode claim on each lode discovered, one side and patch claim, by pre-emption, without any restrictions in regard to working the same; and if purchased, there shall be no restrictions, provided said purchase or purchases are in good faith, and a fair compensation is paid for the same, and title thereto shall be as good and as sacred as title to real estate in the States.

SEC. 62. A gulch claim is understood to be one hundred feet up and down the center of the gulch, and from bank to bank. A lode claim shall be twenty-five feet on either side of the stakes of the claimant, and one hundred feet running on a line of the stakes, provided that the claimant shall have twenty-five days to develop his crevice, and to rectify his stakes from the day of staking. A patch and a side claim shall be one hundred feet square; and in all cases, pre-emptors shall be required to plainly define their boundaries. In staking claims, parties shall state thereon their names, the date of staking, and if a lode, the name thereof, and number and direction; and in other cases what they claim.

SEC. 63. A mining claim, which is actually such a claim as described on the record, shall hereafter hold all mines within its limits or boundaries. When lodes cross each other, the one first discovered shall have the right to work out the crevice through the cross lode; and the person discovering a cross lode shall only work the same up to the first discovered crevice; but priority of claims shall in all cases be respected.

SEC. 64. Building lots shall not exceed one hundred feet front by two hundred in depth, and may be pre-empted in more than one parcel to suit the claimant. Mill sites shall be two hundred feet square. Mining claims shall take precedence of all others, provided they are first recorded. No other claims shall interfere with said mining claims without the consent of

the parties holding such claims. If building claim is the first on record, the mining shall be done in such a manner as not to injure the building thereon.

SEC. 65. Agricultural claims shall not interfere with mining claims.

DISCOVERY CLAIMS.

SEC. 66. Any person who shall develop a lode, shall be entitled to two hundred feet thereon as a discovery claim, and shall be required to set a post on his claim, designating the name and direction of the lode and that it is the discovery claim; also, he shall develop the crevice.

SEC. 67. Females shall have the same rights as males. Youths under the age of ten years shall not be allowed to hold claims.

SEC. 68. No timber claims are allowed.

RECORDS.

SEC. 69. The Recorder shall provide suitable books for his office, in which he shall record all claims, deeds, and other papers and documents proper to be recorded, upon payment of his fees; and shall also file and safely keep all documents which are proper to be so filed, upon payment of his fees; but it shall not be his duty to prepare any papers whatever for record. Claims shall be fully described in writing, stating the time of staking, the purpose for which claimed, and the names of all persons claiming interest therein, and the most natural marks or boundaries, together with such other things as shall be necessary to a full description. Each paper presented for record shall be filed therefor with an endorsement, stating the exact time it was received, and shall be recorded in the order received; and after being recorded, the book and page on which it is recorded shall be endorsed thereon. Each deed shall be filed for record within five days after its execution, and shall be attested by at least two disinterested witnesses. Said records shall at all proper times be open to the examination of all persons. The Recorder shall not keep his office open on Sunday, nor receive

any papers for record thereon, and no record or filing thereon shall be valid. All claims shall be filed for record within six days from the staking thereof.

TUNNELS.

SEC. 70. Any person or persons driving a tunnel in said District, shall be entitled to four hundred feet in length and three hundred feet in width, as surface claim at the mouth of said tunnel for tunnel deposits; and to eight hundred feet on each and every lead from the mouth to the terminus of said tunnel, and at any place on said leads not interfering with previous claimants. It shall be the duty of all persons driving tunnels to post notices, giving their terminus and direction, at the mouths of their tunnels. The location of all tunnels, together with their direction and terminus, shall be recorded. When tunnels are legally located, it shall be considered that the tunnel company shall have the priority of right to locate their claims within a distance of four hundred feet, on each side of the line of their tunnel, on all leads from its mouth to its terminus, or on such portion of the tunnel as may be in this District. If the person or persons locating a tunnel, shall fail to work the same for twenty consecutive days, after the first day of July next, they shall forfeit their claims to said tunnel, but not to the claims they have discovered and held by virtue of discovery before the time of forfeiture.

MISCELLANEOUS.

SEC. 71. No miner shall obstruct in any way the water running in Russell Ravine or tributaries, between the hours of six o'clock, A. M., and six o'clock, P. M.

SEC. 72. Every miner shall have the right to open a ditch through the claims below his own for the purpose of draining his claim; and each miner shall be required to cut a ditch through his own claim if he be benefitted thereby. No man shall obstruct the water to the injury of his neighbor, above or below, as is the custom of mining countries.

SEC. 73. Witnesses shall be entitled to receive one and a half dollars at the time they are summoned, if they demand it; and the same sum for each day's attendance after the first.

SEC. 74. Any officer resigning or removing from the District, shall be required to deposit all the books, papers, money, &c., &c., with the remaining officer or officers of the District; which officer or officers shall immediately call an election for filling such vacancy.

SEC. 75. These laws shall take effect from and after their adoption, and shall not be altered or amended without the authority or sanction of two-thirds of the voters at any meeting which may be legally called for that purpose.

I HEREBY CERTIFY the foregoing to be a true copy of the laws adopted at a miners' meeting, held in Russell District, on Saturday, July 28th, 1860; a copy of which is filed in my office.

C. S. Fassett, Secretary of Russell District.

lished for the purpose of adjudicating all disputes that may arise concerning claims in this District shall hereafter consist of Three permanent members whose terms of Office shall continue until the next general Election, and shall be elected by the Citizen of the District immediately by Ballot.

Sec 2. Resolved That after the Board shall have been elected they shall immediately assemble and choose one of their number President who shall be clothed with the same power and jurisdiction while presiding over an arbitration as the President of the District, the Judge of the Miners Court or a Justice of the Peace of the Territory of Kansas and it shall be his duty to decide all questions as to the admissibility of evidence that may arise during the course of the Arbitration

Sec 3. Resolved That the Board shall have one convenient and permanent place for holding their meetings, and that the Secretary of the District be, ex officio, clerk of the Board of Arbitrators and keep the Records of the same at his office, which said Records shall at all times be open for inspection

Sec 4. Resolved That at least two of the Board shall be present at all trials unless all parties shall consent to go into trial with a less number and that when the President shall be absent or an interested party either of the other members officiate in his place and exercise all his powers and duties and that in the event that their being only two Arbitrators present they be authorized to choose an associate who shall form the third Arbitrator

Sec 5. Resolved That the Fees of the Board of Arbitrators shall be \$2.50 each, per day while sitting as Arbitrators, and in addition, to the President of the Board the fees allowed the Judge of the Miners Court for issuing summons and other process—

Sec. 6 Resolved that each member shall take a solemn oath in the ordinary form to try all arbitrations that may come before them without favor or partiality and to render and award in accordance with the law and the evidence.

Sec 7. Resolved That either party upon the payment of all costs may have the benefit of an appeal to a Board of five Ar-

bitrators to be selected as follows—The Constable shall select eleven Citizens of the District and shall present a list of their names to each contesting party or his Attorney and they shall each have the privilege of striking off three, and the remaining five shall try the case, and that if either of the five be challenged for cause, or be absent the Constable be authorised to make up the Board from the by standers And said second Board shall be presided over by the Judge of the Miners Court who shall have and exercise all the powers of the President of the former Board except that he shall have no voice in the final decision of the case. The said second Board shall receive the same compensation as the members of the first—In all cases the decision of the majority of the Board of Arbitrators shall be the decision of the Board and *shall be final*

Sec 8. Resolved that the Courts of other Districts shall have no jurisdiction over the persons or property of Citizens of this District and any writ emanating from said Courts, except for crime, whether in the hands of the Constables of said Districts or the Sheriff of Arapahoe County or his deputies shall have no force or effect, nor be respected within the limits of Eureka District and it shall be the duty of the Judge of the Miners Court this Distr upon application and proper showing of any Citizen against whom execution or attachment or any other civil process has been issued by any of said Courts, or by any of the Provisional Courts to grant an injunction to restrain the execution or service of the same.

Sec. 9. Resolved That in all case hereafter where service of summons cannot be had personally it shall be deemed sufficient notice to either post the notice for two weeks in at least four conspicuous places in the District or to publish the same for two weeks in some Newspaper published within the limits of the County which said service of publication made in a newspaper shall be verified as required by the Laws of Kansas and if made by posting notice shall be verified by the affidavit of the Constable or other officer posting the same

Sec 10, Resolved That all the Laws or Parts of Laws of

this District conflicting with the provisions of this act be and the same are hereby repealed

belonging thereunto, a public meeting of the citizens of this District shall be called, and ten days notice given of the same by posting twelve notices of said meeting in as many conspicuous places. If the petition for a new District, or change of boundary applied for in this District, be granted, it shall not take effect for ten days thereafter.

Approved, May 9th, 1860.

AN ACT DEFINING CLAIMS AND REGULATING THE
TITLE THERETO

This act was borrowed almost in its entirety from the Gregory law of the same title approved in that district on February 18, 1860. It seems desirable merely to indicate the slight variations and to print the sections which show distinct differences. As the Eureka law was printed, the errors in spelling and grammar which appear in the Gregory law were eliminated by the printer. A slight variation appears in Section 2; in the Eureka law a gulch claim was one hundred by fifty feet, instead of a hundred feet following the meanderings of the gulch and extending from bank to bank. Sections 1, and 3-8 are identical. Section 9 is as follows:

Be it further enacted, That all pre-emption claims which have been, or may be taken up before the first day of July next, need not be worked until that date, provided, however, that the person who so has, or shall take up a claim as aforesaid, shall file with the Recorder for record, a statement thereof wherein he shall describe the claim.

Sections 10-14 are identical. Sections 15 and 17 of the Gregory law are omitted in the Eureka law. Section 15 of the Eureka law corresponds to Section 16 of the Gregory law, Section 16 to Section 18, Section 17 to Section 19, and Section 18 to Section 20. Section 19 of the Eureka law varies materially from the corresponding Section 21 of the Gregory law.

Sec. 19. Be it further enacted, That no person or persons shall be allowed to mine under any building, or other improvement unless he first secures the parties against all damages except by priority of title.

Sections 20-23 of the Eureka law correspond to Sections 22-25 of the Gregory law. Section 24 of the Eureka law is a new provision.

Sec. 24. Be it further enacted, That all building lots which have been or may be taken up before the 1st day of July need not be improved until that date, provided, however, that the person who has or shall take up a lot as aforesaid shall file with the Recorder for record a statement thereof, wherein he shall describe the situation of the same.

Approved, May 9, 1860.

AN ACT IN RELATION TO THE OFFICERS OF EUREKA DISTRICT,
THEIR DUTIES, TERM OF OFFICE AND FEES

Sections 1-5 are the same as Sections 1-5 of the corresponding Gregory law, Section 6 shows a distinct variation.

Sec. 6. Be it further enacted, That the fees of the Recorder shall be one dollar for each claim recorded, and one dollar for each deed or instrument in writing not exceeding 100 words, with 50 cents extra for each additional 100 words, and such other fees for District business as the citizens may allow. All fees shall be payable before filing.

Sections 7-9 are identical. Section 10 and 11 of the Eureka law do not appear in the Gregory law.

Sec. 10. Be it further enacted, That the Judge of the miners' court shall have full probate jurisdiction within this District.

Sec. 11. Bt it further enacted, That the President, Judge and Recorder shall each be required to give good and sufficient security in the sum of \$500; the bonds of the Judge to be approved by the President, and the bonds of the President and Recorder to be approved by the Judge.

Approved, May 9th, 1860.

AN ACT ESTABLISHING A MINERS' COURT AND REGULATING
ITS JURISDICTION

Section 1. Be it enacted by the citizens of Eureka District, in convention assembled, That a regular term of a court, to

be known as the Miners' Court, shall be held in this District, in some convenient and proper place, upon the first Saturday of each month, and all writs to be made returnable at said term, shall be served before the Wednesday next preceding. Nothing herein contained shall be so construed as to prevent the trial of criminals at any time.

Sec. 2. Be it further enacted, That if any person shall wish to commence a suit for the recovery of any claim within two weeks after the regular term of said Miners' Court has commenced, a special term of said Court may be held to try said cause.

Sec. 3. Be it further enacted, That the officers of said Court shall consist of a Judge, a Clerk, the Sheriff of Arapahoe County and his deputies.

Sections 4 and 5 correspond respectively to sections 3 and 4 of the corresponding Gregory law. Section 6 contains new material.

Sec. 6. Be it further enacted, That the Miners' Court shall have equity, as well as law jurisdiction, and may grant writs of injunctions upon motion, in all proper cases, and all other motions upon proper cause shown, to be supported by affidavits alone, and do all such other acts as a Court of Equity has power to do.

Sections 7 and 8 are the same as sections 6 and 7 of the Gregory law, but section 9 shows variations.

Sec. 9. Be it further enacted, That the jury for each term of Court shall be drawn upon the Saturday next preceding each term, in the following manner: the Sheriff, or his deputy, shall place the names of fifty good and substantial men in a box, prepared for that purpose, and the Judge of the Court, or the Clerk thereof, shall draw therefrom the names of eighteen men, who shall be summoned to act as grand and petit jurors, for the next succeeding term of Court. When necessary the Sheriff may summon talismen, but no person shall serve as jurors for two successive terms of Court.

Approved, May 9th, 1860.

AN ACT IN RELATION TO THE PRACTICE IN THE
MINERS' COURT

This act is practically the same as the law of Gregory District with the exception of section 9 and the addition of section 16.

Sec. 9. Be it further enacted, That no cause shall be continued unless upon affidavit of a party or his attorney, or of the absence of a material witness, whose evidence is material to the issue, which he shall state as he believes he can prove by said witness, and that the said party cannot safely proceed to trial without the evidence of said witness, which he believes he can procure at some future time, which he shall state, or for some other good and sufficient cause.

Sec. 16. Be it further enacted, That in all suits, either in law or equity, the order of publication shall be allowed.

Approved, May 9th, 1860.

AN ACT RELATING TO TRIAL AND ITS INCIDENTS

This act is the same as the Gregory law with the exceptions of Sections 3 and 11 and a slight change in the order of sections.

Sec. 3. Be it further enacted, That upon the return day of a summons, if either party shall call for a jury, he shall first advance the fees at the rate of two dollars for each juror, and in cases of Change of Venue found out of the District three dollars, who shall try the cause, and in case he shall prevail in the same, the fees so advanced shall be taxed against the adverse party, but in case no jury is called for, the cause shall be tried by the Court.

Sec. 11. Be it further enacted, That witnesses fees shall be, in all cases, three dollars for each day, and twenty-five cents mileage.

Approved, May 9th, 1860.

AN ACT IN RELATION TO LEVY AND SALE UPON EXECUTION

Section 1. Be it enacted by the citizens of Eureka District in Convention assembled, That there shall be exempt

from levy and sale upon execution, all tools for mining, bedding, clothing, cooking utensils, and necessary provisions for three months, and in case of a man residing with his family a dwelling house not exceeding five hundred dollars in value and such articles of household furniture as are strictly necessary.

AN ACT RELATING TO CRIMES AND NUISANCES.

This act corresponds to the Gregory law with the exception of Section 5. The Eureka act was approved May 9, 1860.

Sec. 5. Be it further enacted, That after any conviction for a nuisance in said Miners' Court, if the said nuisance is allowed to remain for twenty-four hours thereafter, the person or persons who caused the same, and whose duty it should have been to remove it, shall be again liable in damages, and shall also be liable for each twenty-four hours after a conviction, as hereinbefore provided in this act.

AN ACT CONTAINING GENERAL PROVISIONS FOR THE GOVERNMENT OF EUREKA DISTRICT

Section 1. Be it enacted by the citizens of Eureka District in Convention assembled, That the Judge of the Miners' Court shall pay over each week, to the Treasurer of the District, all monies he may collect from judgments in favor of the District, contempts of court, and fines of every kind; and the Treasurer shall not pay the same out to any person, unless upon the vote of the miners, given at some meeting legally called.

Sec. 2. Be it further enacted, That the President or the Judge of the Miners' Court may call a public meeting at any time either of them may deem the same necessary, by giving forty-eight hours notice, and by posting three notices in as many conspicuous places in the District.

Sec. 3. Be it further enacted, That no timber for building purposes, or cordwood, shall be allowed to be cut and carried out of this District under a penalty not exceeding one hundred dollars for each offence; but any timbers that are already got out may be removed.

Sec. 4. Be it further enacted, That when one Lode crosses another, the owner of the claim first taken up shall not be entitled to any portion of the Lode that crosses his claim, except in his shaft or drift, by virtue of the width of his claim, but the first claimant to the ground shall not in any case be impeded in his work by the owner of the claim on the Lode which may cross it.

Sec. 5. Resolved, That until the District shall be able to build a Court House for the transaction of public business, the Recorder shall be authorized to hire a suitable room for the transaction of public business, and for the trial of causes. The sum of two dollars shall be allowed, to be taxed with the costs of such suit, for the use of said room for each trial, but all public meetings of the miners shall be held without charge.

Approved, May 9th, 1860.

President.

LAWS AND MINUTES OF MAY 19, 1860

Pursuant to a call by Charles Shetler Esq. Pres. of Pleasant District No. 10 for a meeting of the miners of said district at the mouth of Lake Gulch on the 19th day of May A. D. 1860 at 10 o'clock A.M. The meeting was called to order by the president and Frank M. Cobb was chosen Secretary, whereupon the call for the meeting was read by the Secretary, followed by a brief statement of the object of the meeting by the President upon which the following business was transacted: On Motion of A. J. Monroe Esq. a Committee of three was appointed to revise laws and prepare matter for the action of the meeting

and after a motion of B. F. Chase, to question each member of said Committee upon their nomination was laid upon the table, Messrs A. J. Monroe, R. H. Montgomery and Mason were chosen as said committee. The meeting then, on motion, proceeded by ballot to elect a Judge PRO TEM, to try certain cases wherein it was urged that the present Judge is supposed to be an interested party, the result of which was that Terril Esq. recieved 103 votes and his competitor, S. Shaeffer Esq. 96, whereupon Terril Esq. was declared duly elected said Judge.—

On motion the meeting now adjourned until 6 ocl. P.M. to hear and act upon the report of the committee, at which hour the meeting reassembled and was again called to order by President Chs. Shetler, when the committee by their Chairman Mr. Monroe, made a majority report to the meeting, which was followed by a minority report presented and read by Mr. Mason, the substance of which was embodied in the form of an act or section which he and his friends wished to have adopted in lieu of the 19th Section of the majority Report. Then on motion followed a vote on the adoption of the Majority report, each section of which was read and acted upon separately, and after some alterations and amendments was adopted. At the reading of the 19th Sect. the friends of the minority report by motion brought up said report as a substitute, which was lost. Yeas 34—Nays 55—upon which the meeting proceeded to elect a justice of the peace—which resulted in the election of R. H. Montgomery Esq, by acclamation.¹

¹ The following statements were found in Pleasant Valley Number 10 District, Records:

This is to Certify that R. H. Montgomery Was Elected Justice of the Peace of Plasant Valley district No 10 on the Evening of the 19th day of May A. D. 1860 by Aclimation or by a unanimous vote of the miners of the above district this the 21st day of May AD. 1860

R. H. Montgomery

On motion, the committee who drafted the laws was requested to copy them for publication. And a resolution was passed that they take effect from and after their passage. The meeting then on motion adjourned s. d.

Frank M. Cobb Acting Secretary. Chs. Shetler President.

Section 1. Resolved that for the settlements of difficulty between Miners, and for the purpose of preventing and settling the same, there shall be an annual meeting or election held by the miners and citizens of Pleasant Valley District No. 10, on the first Monday of September in each year for the purpose of electing a President, Justice of the Peace, Recorder, Stake-master, and Constable or Sheriff in said district.

2nd It shall be the duty of the President to preside at *all* meetings of the District, and to act as Judge of the Supreme Court of said Dist. This Court shall try appeals from the court below, either with or without a jury, but if either of the parties demand a jury it shall be granted. Said jury shall consist of twelve residents of the Dist. a Venir for which shall issue from this court and the panel be summoned by the Sheriff or Const. The Decision of this court shall be final. When any person or persons are aggrieved in regard to any difficulty which may arise between parties he or they may file with the J. P. a statement of his grounds of complaint, but the Plaintiff shall not be allowed to prove anything which is not set up in his pleadings or notice, which shall also have the name of the party or parties complained of, and a prayer that they may be summoned and answer within not less then two or more then five Days, from the date of the summons, thereupon the J. P. shall issue a summons to the adverse party to appear and answer, and if they fail to appear will be taken as true, and judgment rendered accordingly. In case of suit for title to claims the party winning or gaining the suit shall be entitled to a writ of Ejectment which shall be served by the Sheriff or Constable, putting the winning party in possession, but if he or they appear and answer and either of the parties demand a Jury, said Jury shall consist of six Residents of the District and may be summoned in the same

form and manner as in the Supreme Court, who shall proceed to hear the evidence and try the case. Both Pltff and Deft shall be allowed three peremptory challenges. Appeals may be taken from this court to the Supr. Court by the appellants paying the cost already accrued. Bonds shall be given before either party shall be entitled to an appeal to the Supreme Court to pay any judgment or cost which may be rendered against him or them in said Court. The verdicts of all Jurys, either in this or the Supr. Court must be unanimous.

Section 3rd The Sheriff or Const. shall have power to serve notices and executions and he shall have power to summon parties and put parties in possession of property deemed by law to be wrongfully withheld from them, to summons Jurors and to do such other services as a Shff or Const. in any other place may do and shall be entitled to receive double the legal fees provided by the statutes of Kansas.

4th The Judge of the Supreme Court and the Just. of the Peace shall be entitled to five dollars for trying each case.

5th The Jury and witnesses shall be entitled to \$2.50 each day for their services.

6th The defeated party in each suit shall be liable for all costs which if not paid within ten Days, the court before which said suit is tryed shall enter up Judgment of the same and forthwith issue execution which shall be levied on any property except tools, Bedding, Clothing and cooking utensils of said party by the Sheriff or Const. and sold at public sale after giving ten Days notice of said sale.

7th In all cases when suit is commenced the Pltff must give security for all Costs and in case he, the Pltff, fail to give the necessary security, the case may be discharged thereupon.

8th The fee of the Recorder shall be 50cts for each pre-emption claim and one Dollar for each Deed, Bill of sale, or article of agreement, also it shall be the duty of the Recorder to take charge of and safely keep all records heretofore made by his predecessor. All persons pre-empting claims and having them recorded must pay the Recorder within ten days after the

time they are recorded, otherwise they forfeit their claim or claims.

9th No miner shall be allowed or entitled to more than one¹ gulch, one Mountain or lode claim and one patch claim also one water claim, except by purchase or discovery and in case of purchase, the Bill of Sale or Deed must be witnessed by at least two disinterested witnesses, which shall be recorded within five days after the sale thereof if he is not working the same.

10th No claim shall be held as good and valid unless it be staked off and the owners name correctly written thereon, and when claims are held by Companies the name of each member must appear on the claim and be renewed as often as by design or accident they may be obliterated or destroyed, or else by having the certificate of preemption or Bill of sale or Deed of purchase recorded in the books of the District.

11th All claims shall be worked within ten Days after they are staked off in case they are in a condition to be worked, otherwise forfeited discovery claims excepted and also one purchased claim to each man, provided however that this Section shall not be so construed as to render it necessary when large companies have claims in one body that each particular one must be worked at the same time.

12th In all cases when claims are legally held by Companies but detached from each other by intervening claims, it shall not be necessary for said Company to work in each claim to hold them all provided the Co. are at work on one or more of theyr claims.

13th In all cases where claims are held by recording either by preemption or purchase the name of each member must appear on the record of said claim or claims.

14th Be it enacted that the owner or owner[s] of a claim or claims shall have the right of way through the adjoining claim or claims below to put in a ditch to drain his claim or claims, provided it shall be judicially located by three disinterested miners. And if the owner or owners of the claims

¹ In the later copy the number is three.

through which the ditch passes shall stop or destroy said ditch, the damages shall be assessed by three disinterested miners and collected as other debts and fines.

15th No miner shall run tailings or throw waste dirt or rock upon the adjoining claims without permission of the owners of said claims except such as will naturally run in the water from the Tom, Rocker or Sluice, when washing and then they will not be permitted to throw them out of the ditch upon the adjoining claim without leave of the owner of said claim, any one violating the provision of this act shall be liable to the injured party for the damages, which shall be assessed by three disinterested miners.

16th The President only shall have power to call an annual meeting on the first day of September in each year and at such other times as the miners of this District shall determine, whenever a petition of 10 Citizens, actual Residents, shall sign a call to that effect, and no person shall be allowed to vote until he shall have lived in the District ten Days. The President shall give three days notice of each and every meeting by posting three notices, one in each of the most conspicuous places in the District.

17th Be it enacted that any miner that in any manner obstruct the free passage of water to or from a Sluice, Tom or Rocker, or builds a dam that will back water on the claim above or cause the same to be built shall be liable to the injured party for the damages which shall be assessed by three disinterested miners.

18th And be it further enacted that either Plaintiff or Defendant in any suit commenced or pending in this District and to be decided by the laws of the same, shall have power to change or remove the said suit by change of venue or otherwise to the next nearest adjoining District for trial by filing an affidavit before the Court and before the Jury is sworn, that said court is a prejudiced party or an important witness in the case.

19th All records that are made after the passage of this act shall admitt of parole testimony provided there shall be any descrepancy in the Records.

20th All acts or laws or part of either heretofore passed or in use in this District which conflict with any of the nineteen forgoing section are hereby repealed.¹

MINUTES FROM OCTOBER 30, 1860, TO APRIL 20, 1861

¹ Pursuant to a call by Anson Ford Esq. President of Pleasant Valley District No. 10, for a meeting of the miners of said Dist. at the mouth of Elkhorn gulch on the 30th day of October A.D. 1860 at one o'clock P.M. the meeting was called to order by the President, and Ben Dittes chosen Secretary. The President after reading the present laws laid them before the assembly for alteration and amendments.

Sections one, two, three, four and five were adopted without alteration.

On motion of A. McKaskall Esq. an alteration was adopted in Section six.— The time allowed for paying up costs in any lawsuit was limited from ten to three days and the time for giving notice of a Sheriffs sale from ten to seven Days. Section seven was adopted without alteration. On motion of G. G. Hopkins Esq. the following amendment to Section eight was adopted. The recorder shall be paid invariably in advance, otherwise the party or parties shall forfeit their claim or claims.

On motion of the same gentlemen the following alteration was adopted in Section nine. No miner shall be allowed or entitled to hold more than three (originally one) gulch claims by preemption.

Section ten was adopted without alteration.

On motion on Section eleven it was resolved that Discovery and purchased claims were exempted from being worked every tenth day.

Sections twelve, thirteen and fourteen were adopted without alteration.

On motion the words: "by three disinterested miners"

¹ From this point the minutes were taken from the Teller Manuscript.

were struck out in Sections Fifteen and seventeen. Section sixteen was adopted without alteration. Section eighteen was struck out and the following substituted: Be it resolved that all claims shall be represented by their respective owners or their agents, otherwise the claims shall fall back into their normal state and be open for preemption. Section nineteen and twenty were adopted without alteration.

The meeting then on motion passed the following Resolution:

Resolved that in the opinion of the convention one more magistrate ought to be created. Whereupon A. McKaskall Esq. was nominated as Justice of the Peace and duly elected by acclamation. On motion the meeting adjourned s. d.

Ben Dittes

Secretary.

Anson Ford

President.¹

Pursuant to a call of A. Ford Esq, in compliance with a petition, signed by ten miners of P.V.D. No. 10, a meeting was held on Monday, April 20th A.D. 1861 at the house of A. McKaskall Esq.

The meeting was called to order by A. Ford Esq and Ben Dittes chosen Secretary.

The Pres. then stated the object of the meeting, and then advised the miners to acknowledge the independence of the lower end of this Dist. and run a dividing line between the two Dists. Capt J. F. Hall then addressed the meeting and offered a motion which after several alterations was adopted as annexed below:

On motion of J. F. Hall Esq. the following Resolution was adopted: Resolved that: If the majority of the miners of the lower end of this Dist. wish to be sett off as independent of Pleasant Valley District No. 10, we the miners of said District are willing to relinquish all our right and title of said lower end of P. V. D. No. 10, provided they will appoint a commissioner to cooperate with a commissioner, to be appointed

¹ At this point in the manuscript another copy of the laws of May 19, 1860, was inserted.

on the part of Pl. V. Dist. No. 10, in running a dividing line between the District.

On motion of J. F. Hall Esq.—A. Marshall was nominated as Commissioner on the part of Pl. V. Dist No 10, to run a line on the lower end of the Dist.—and he was duly elected by acclamation.

On motion of A. McKaskall, J. F. Hall Esq was nominated as Justice of the Peace and duly declared elected by acclamation.

On motion of P. Howard Esq, the meeting adjourned *sine die*.

Be it enacted that the title to all Lode Mill and Ranch claims recorded in this District from and after the first Day of January, A.D. 1861 shall be regarded and held as perpetual, unless the owner shall by his indifference or neglect of them for the space of one year, prove that he regards them of no value or consequence, in which case his particular title shall cease and become null and void.

At a regular meeting of the miners of Nevada District held at the Recorders office in said District on Saturday Aug 25 1860 Dr. Mann Prest in the chair the following resolutions were handed in

Whereas greater security should and ought to be given to miners and claim holders in Nevada District touching the right and tenure of mining claims. Therefore Resolved. That all claims preempted in good faith and all discovery and purchased claims of every description held in Nevada District shall be taken and held as real estate but all claims declared real estate by this resolution shall at least be represented by the claim holder or his agent and on a failure to represent a claim taken and recorded according to the laws and regulations of the District for the duration of one year at any time shall work a forfeiture to the title and the same may be preempted and worked as though no previous right had existed—Carried.

Mr. Link offered the following:

Whereas, the Lode claim miners and owners of the same have been very seriously damaged by the water brought on Quartz Mountain by the Consolidated Ditch Company and

whereas the great interest of Nevada depends on her facilities for working her gold bearing claims— Therefore Resolved That we the mine and lode claim holders of Nevada District having been greatly damaged & the heaviest interests of the District sacrificed on account of the seepage and flow of water proceeding from the water ditch of the Consolidated Ditch Company and that the damage is so great that forbearance will prostrate our best mining interests and reduce to the necessity of stopping mining operations or abandoning the best of claims.

2nd. Resolved—That the Secretary respectfully inform the Consolidated Ditch Company that Nevada District desires to cultivate amicable relations with said Company and to promote the best interests of the Miners generally but that the grievance above referred to is prostrating and sacrificing the heaviest interests of Nevada and that they be requested to cause the same to abate.

Resolved—That in case the Consolidated Ditch Co. fail to remove the nuisance complained of in the first resolution that a committee of 10 persons be appointed by the President to abate the nuisance and that we pledge our aid if necessary in the execution of the same. NEVADA GULCH.¹

Nevada, Nov. 16, 1860.

Editors News:—For ten days past the utmost effort has been made by the mill-owners of this gulch to obtain a supply of water from the Consolidated Ditch, which, I am sorry to say, has not been crowned with the success it so well deserved. Parties of ten, twenty and thirty men have gone out along the ditch almost every day for a week past, to clear the bed of the ditch, and have frequently stopped over night amid the snows of the mountains; and, at one time, while the weather was so genial in the early part of the week, our hearts were gladdened with the report that the water would soon be in the ditch; but I regret to say we are all again disappointed. An icy hand is laid upon us, and I think we will now have to give it up for the winter.

A few of our mills are running from water from the gulch, and their own wells, and such as are running are doing well; but the majority are not running, having to depend on the ditch for their water.

An association of mill owners in this gulch is about to be

¹ *Rocky Mountain News*, November 21, 1860, p. 2. Unless designated by the word *daily*, the reference is to the weekly paper.

formed, for the purpose of mutual counsel and advice. I am told it will also have a sort of literary tendency, as a large supply of papers will be received weekly. Last night, while in Vanderen's Express Office, I noticed a large package of exchanges, which, on inquiry, I learned was a donation from the *News* office, to the prospective institution. Good for you.

Last Saturday our last miner's meeting for the season was held here. A codified copy of the laws of the district was read and adopted, and ordered to be printed. A law was passed allowing the equity of redemption on all mortgaged property for six months after sale, upon certain restrictive conditions. Of course this does not apply to mortgages heretofore given. A resolution was almost unanimously passed, declaring against the Appellate Court as recommended by the Central City convention, and that it was inexpedient to hold any election for the officers therein recommended, on the 20th inst. A few minor resolutions, relating to sanitary regulations, were then passed, and the meeting adjourned until the last Saturday in May, 1861.

A fine Opening Ball was given in Squire Morton's new Hall here on Wednesday evening, which was numerously attended by the young and gay of our little city, and all passed off very pleasantly. I am told it is the intention of some of our prominent citizens to have such festive occasions every two weeks, where they may for a while forget that our mills are stopped, and our treasury about empty, and enjoy for a brief period the social amenities of life.

The Sons of Malta, under the able generalship of Horatio B. Bearce, Esq., are doing a flourishing business in initiating the miners into the Arcana of the Order; and they are rapidly rising to that importance which they have everywhere attained. Being as yet uninitiated into their mysterious rites, I can only judge of what they do at nights, by the sounds of martial training I often hear while going by their Hall, and a loud and vehement request, oft times repeated, to have something or other "recorded." Dick Darlington, our able recorder, had better look out, or the Sons will do all the recording in the gulch.

Within the past two months a good deal of improvement has been going on in this gulch. New Stores have been erected, and are now filled with stocks of goods. Conspicuous among the rest is the branch house of Hawk & Nuckolls, whose stock is ample and constantly replenishing, and whose business here is transacted by that affable, obliging and gentlemanly fellow, E. Shelden, to the satisfaction of all who deal with the firm.

During the few days of mild and genial weather we had this week President Mann rallied his forces and went at the roads with hearty good will, and his efforts in that way have resulted in great and much needed improvement.

Several of the mills have changed hands within the past month, and many shares are being sold out, generally at an advance, I hear. I will have particulars next week.

The Miner's Court is doing a big business at present, as might be expected in times of such financial depression. Four or five suits a day are about the ordinary number on the docket. There is now pending some difficulty between the officers of this district and those of a district known as Spring Gulch the latter having claimed jurisdiction over part of the territory allotted to Nevada, in the convention of districts last March. I have just been told that a writ of arrest has issued out of our court for the officers of Spring Gulch, for contempt of court; so we may expect lively times among the lawyers, of which more anon.

Gambling, which for a while prevailed in this place, has now almost entirely ceased. The gamblers could not live as we have to—on hope—and so have cleared out to a man.

The weather is tolerably pleasant. Snow lies upon the mountains, but we have had some beautiful days during the week, which have been to us like the smile of an angel breaking through the dark clouds which overhang our business prospects.

Your "Daily" is a great institution to us, away up here in the mountains, especially in these election times.

Yours truly,
Spectator.

FROM NEVADA.¹

Nevada, Nov. 20, 1860.

Editors News:—The result of the difficulty between the officers of this and Spring Gulch, which I mentioned in my last letter, was that Judge Bond was arrested and brought up here, for contempt of Court; and after a lengthy trial, which lasted till three o'clock in the morning, the jury brought in a verdict of \$50 damages and costs. After a series of windy speeches from the gentlemen of the law, the Court remitted the fine and costs, and Judge Bond, I understand, went off, promising to let Nevada alone for the future. This was, in my humble opinion, a very farcial termination to a trial for a very aggravated offence.

On Friday last there was a Masonic funeral in Central City—that of Mr. Berry, brother-in-law of Mr. Haman, of the Haman House. The ceremonies were admirably conducted by Mr. Andrew Mason from Chicago. A Masonic Lodge will be formed in this place as soon as a Dispensation can be obtained from Kansas; Mr. Andrew Mason to be the Master.

F. M. Rublee, a prominent citizen of this district, died here last night. He was from La Crosse, Wis., and was much respected by the citizens of the gulch.

To-day we are having a sort of election here, to determine whether there shall be a new Judiciary system and an Appellate Court, &c. There has been comparatively little excitement, the majority of the people regarding the election as a sort of pleasant pastime, got up to beguile the weary hours of a winter's day. The judges of election are now engaged counting the ballots, and I may be able to annex the result to this letter. A great many have acted upon the decision of the miner's meeting last Saturday, and regarding the election as illegal, have not voted at all.

Yesterday snow fell all over the mountains, to the depth of about ten inches. The weather to-day was warm and pleasant. To-night the thermometer is 10 degrees below zero, but it don't feel near as cold as it would in the States at that figure.

¹ *Daily Rocky Mountain News*, November 26, 1860, p. 2.

Some of the mills are running from gulch and well water, and are doing well. Great numbers of miners are at work upon their claims, and will continue to get out quartz nearly all through the winter. Provisions being plenty, and comparatively cheap, the miners will make good headway, those who have good claims, this winter. The supply of good paying quartz is not equal to the demand for the mills, but a large quantity will be accumulated during the winter months.

The following is the result of the election in Nevada:

	Against Jud.	For Jud.
At Upper Polls	264	79
At Lower " majority	32	..
		217
	Majority against Judicial	

It is reported here that the other districts have voted against the system.

Editors News:—At present business is rather dull, in consequence of cold weather, which I hope will not last long. There is considerable interest manifested at present in regard to the coming election, as it is a very important one. Among the most prominent candidates are James Castello, for Judge; J. Bowls, for Sheriff, and J. L. Prichard, for Recorder, all of whom are well qualified to fill their respective offices if they are elected.

I have just returned from a visit to Union District, which has recently been organized, it is situated about sixteen miles South-west of Nevada, in a direct line with the Kansas and Burroughs' leads. The beautiful stream of Clear Creek courses its way through the center of the district, and on either side is a beautiful plain, on which is laid out the town of Empire City, which promises to be one of the best mountain towns in our Territory. Nevada City, Jan. 22, 1861.

Dear old News:—I have not written you for some days, from the simple fact that very little of importance in mining news has transpired in this section. The election for officers in this District for the next year took place on yesterday, and a very exciting time we had of it. We only had some four offices to fill, and at least fifty hungry applicants for them. Of course the whole strength of the district was brought out—some seventeen hundred votes being polled. About four hundred votes was the highest received by any one candidate. D. J. Leversee, of the Quincy and Chicago Mill, received the highest number of votes for President of the District; Wm. Train Muir, for Judge of the Miners Court; R. D. Darlington re-elected Recorder, and Jos. W. Bowles re-elected Sheriff.

This election was not altogether satisfactory. Evidently a large number of fraudulent votes were polled, and an effort is now being made for the purpose of a new election. With such a host of candidates, of course whiskey was free—and as a consequence, there was more drunken men, and more fighting on this one day, than I have heretofore seen in the Mountains—and no one seriously hurt.

Dear Old News:—The idea of sitting down to write a letter, by a novice in letter writing, when he has nothing to write

about is to say the least highly absurd, and ridiculous, in the extreme, and this I fear is the unenviable predicament in which your correspondent now finds himself. The bloody affrays in our sister city up here in the mountains, you have already been posted on, that is of two at least, the third which transpired on last Thursday, in Central City I have seen no account of. Central City was thrown into a high state of excitement, by the report of a most foul and bloody murder, the evening previous, two men and two women were seen together on the streets by some of the goodly citizens,—an altercation took place between the men, two shots were fired, one of them was seen to fall, the other made good his escape—the women were seen to carry the man off, but such was the fear of the spectators, or from some other cause, no steps were taken either to pursue the man or follow the women. In the morning a pool of blood was seen in the fatal spot—the orderly and law-loving citizens were justly indignant. Some steps must be taken to ferret out the murderer. A miners' meeting was immediately called. An old friend and staunch citizen, Harrison Gray Otis, was called upon to preside, and Capt. Leavenworth, Secretary. The object of the meeting—the horrid deed which had been committed the night previous, was feelingly and forcibly stated.

A Committee of five was proposed, afterwards increased to ten of the most prompt and energetic citizens, to act as a Vigilant Committee, to ferret out and bring to light the guilty parties. In the mean time, the meeting was adjourned to meet again at the Court House, and hear the report of the Vigilant Committee—for a time various and exciting reports were rife on the streets of Central City, and from thence carried all over the mountains. By and by, the Vigilant Committee began to smell a mice, the two females were tracked, traced to their hiding place, and on strict examination and lawful information, were found to be a couple of youngsters on a lark, and the big pool of blood supposed to be human gore, came from the butcher's shambles. The Committee have not as yet reported, and the miners' meeting has not been called.

Here in our district, the miners have again assembled on

last Saturday, to take further action in regard to our late election, and did by a very large majority declare the previous election null and void, and our President in compliance with the wishes of the people, has ordered another election, to take place next Tuesday. Judges, Clerks and Challenging Committees were appointed by the people, and if they all do their duty, we will this time have a legal election. Three out of the four officers elected were satisfied, of the illegality of the previous election, and were willing to resign, or have a new election, and take their chances before the legal voters, but the fourth, I presume knowing that he had practiced "skulduggery" in his election, and desiring to hold on to the fees and emoluments of the office, for which he had so striven, was unwilling to go into a new election. Judging from the course he has pursued in this matter, and from the general opinion of our best citizens, his chances for a legal election at the hands of the citizens of this district are very slim, however time will show, and Tuesday is not far off.

FROM NEVADA GULCH¹

Nevada, Feb. 18th, 1861.

Editors News:—It is now a long time since I have written you, and I suppose I owe you many apologies for my apparent neglect,—but we have had an annual election here lately, or rather two annual elections, and I have done my share of electioneering. The result of the regular election, January 21st, 1861, was the election of D. J. Leversee, President; Wm. Train [Muir], Judge of the Miners' Court; Richard D. Darlington, Recorder, and Joseph W. Bowles, Sheriff. One thousand six hundred and thirty-nine votes were then polled; the law of the district allowing any person owning a claim to vote, although not an actual resident of our gulch. A few soreheads, abetted by some penniless individuals, who now facetiously term themselves "mill men," got up an excitement, and got a new election. The Secessionists strove with the desperation of dying men, but they were again beaten—the result of the new election giving

¹ *Daily Rocky Mountain News*, February 20, 1861, p. 2.

a majority to the old officers.—The enthusiasm of the people knew no bounds on the evening of the last election; bonfires were lit up on the hill above Nevada, songs and speeches were made by various prominent citizens, and a fine serenade given to the Judge elect, against whom the malice of the secessionists was mainly directed. We noticed our old friend Ira H. Morton, although himself a former candidate for Judge, striving nobly for the right, and earning for himself “golden opinions from all sorts of people.” Well, the excitement is all over now, the battle has been fought hard and fairly won. I will not make any remarks on the letters of your correspondent “Gunny Bags” regarding this election,—they are well known, and properly appreciated by the citizens of this gulch, who know the former relations of Gunny Bags and the man he has tried to slander. I pass him by in silence, leaving his own conscience and his ingratitude to be his companions in the future.

FROM NEVADA DISTRICT¹

Nevada City, April 2, 1861.

Editors News:—We had the pleasure of a short business visit from friend Goldrick to-day. He comes at a good time to get a big lot of new subscribers, for the citizens here generally are disgusted with the *Mountaineer*, and are daily making up their minds, like the citizens of Union district, to afford that sheet neither aid, comfort, nor support.

On Monday last the new district, comprising Central City and vicinity, was laid off by the Commissioners appointed by Nevada and the new district. The new district takes in all that part of our territory commencing at the dry sag on the Eureka side, immediately west of the Express stables, running thence a straight line south, intersecting Chapezes' cattle yard, and crossing Nevada Gulch a few feet above the old dam. The new district takes in three steam mills, namely, Lyon, Pullman & Co.'s, Scudder's and Parker's formerly in our jurisdiction. The survey was made by Mr. Charles P. Marion, the engineer of Nevada.

¹ *Rocky Mountain News*, April 10, 1861, p. 4.

On Friday night a meeting of the citizens was held to appoint a committee to regulate the streets and highways of Nevada—A. E. Guild, Chairman, Chas. P. Marion, Secretary—at which three commissioners were appointed, Mr. Kelly, I. F. Allom and M. M. McKeen. By a vote of the meeting, the commissioners and the engineer were authorized to clear and grade the streets, and construct a road to Central City, the commissioners to act in rotation and receive for each day's actual service \$3—the engineer to receive \$10 a day when actually employed—the necessary funds to be raised by subscription. This is a good and much needed work of improvement, and I hope will be liberally supported by all of our citizens who are interested.

As spring time returns, we are pleased to notice the return to our gulch of many prominent citizens, among whom we last week welcomed home C. L. Ely, of the Kenosha mill, and C. P. Sykes, of the LaCrosse mill, both of whom are largely interested in our gulch.

Mr. William W. Coats died in Eureka on Saturday, of congestion of the lungs. He was 22 years of age and from Irving, Benton county, Iowa, a young man of fine attainments, and generally esteemed. His remains were buried here, followed to their last resting place by a large concourse of Good Templars, of which order he was a consistent member. In this connection I regret to learn that the chief officer of Good Templars' Lodge here has resigned his membership, to save himself from being expelled. I hope his conduct will not affect or interrupt the great and good work of reform going on in our district. In my whole experience I have never known so much good done in so short a time as has been done by the Good Templars of this place, and I do hope the good work will go on until many more, now held in bondage to King Alcohol, will be forever emancipated and redeemed.

I have been unable to gather any mining news of any great importance since I wrote last, having been hard at work on my own claim on the Kansas.

The attacks on Judge Muir in the *Mountaineer* having now

simmered down to the accusations of two individuals, possess but little interest to the citizens of our gulch. The character of those individuals is now so well known in Nevada, by all those who ever knew them, or had any business transactions with either of those worthies, that no reply is deemed necessary to their wrathful and ridiculous letters. I know a dozen good citizens who have stopped the *Mountaineer* during the past week, on account of their slanders of our Judge and district, and I have heard that the carrier has given it up in disgust. No wonder, for he is a fine little fellow, and respected by all who know him.

A. E. Guild cleaned up in three mills, from quartz from his Kansas claim, this week: at Stanton & Sanford's mill, Eureka, \$750.30, from 2½ cords; at Whitcomb's mill, here, \$575.80, from 2½ cords, and at Col. Backus' mill, \$1,036.60, from 5 cords; total \$2,562.70.

Clayton's mill was robbed last night of about \$300 worth of amalgam, the thieves scraping the plates.

We expect a short professional visit from Langrishe's troupe before they leave the mountains, which will be a rich treat to all our citizens. Yours truly,

Spectator.

PUBLIC MEETING IN NEVADA¹

About 9 o'clock on Thursday morning, upon the arrival of the News with the latest dispatches by Pony Express, a large number of the citizens met in front of the Court House, to hear the dispatches read by our friend, Squire Morton. After reading the latest news, the citizens were called up stairs into the Court House and held an impromptu meeting—Squire Morton, Chairman, Mr. R. D. Darlington, Secretary. From the last named gentleman we are favored with a copy of the proceedings of the meeting, which we annex. Squire Morton sang, by the request of the meeting, those good old songs, "The Star

Spangled Banner” and the “Red, White and Blue,” amid frequent applause.

At a meeting of the citizens of Nevada, held in the Court House, impromptu, on Thursday morning, the 24th of April, A. D. 1861, Ira H. Morton was called to the chair, and R. D. Darlington appointed Secretary.

A committee on resolutions was appointed by the meeting, consisting of Judge Muir, Col. Remine and Mr. Vanderen, who presented the following resolutions, which were passed by a unanimous vote:

Whereas, By the enterprise of the Rocky Mountain News Co. of Denver, we have been, upon several occasions, put in possession of the latest telegraphic despatches, a day ahead of regular time; therefore be it

Resolved, by the citizens of Nevada district, That we fully appreciate the consideration and prompt attention given us by the News Company, in the speedy transmission to the mountains, through the columns of their paper, of the latest telegraphic dispatches from the States, and that we will evince our appreciation thereof, by extending to the News our undivided patronage.

Resolved, That while we deeply deplore the present lamentable condition of our beloved native land, we heartily endorse the course and position of the ROCKY MOUNTAIN NEWS with regard to the great and important issues of the day.

Resolved, That we will each individually use our best endeavors to increase the circulation of the NEWS, and advance its interests in the mountains.

Wm. Train Muir,
Jno. W. Remine,
Arch. J. Vanderen,

Offered by Mr. Vanderen, and unanimously carried:

Resolved, That, as citizens of a Territory of the U. S., we will give our earnest support and encouragement to the present Administration in the honest endeavors to maintain the integrity of the Union.

WISCONSIN DISTRICT

LAWS ENACTED FEBRUARY 13, 1860¹

At a meeting of miners held upon the tributaries of North Clear Creek on the 13th day of February A D 1860 on motion E. G. Bartlett was appointed President and Alpheus Wright Secretary. Whereupon on motion the following resolutions were adopted. Resolved That inasmuch as Gold has been found in various gulches in this point of the Rocky Mountains, we therefore deem it expedient to immediately form a mining District, elect Officers & adopt such rules and make such laws as will tend to the peace and harmony of the persons that may be engaged in mining in said district. On motion adjourned to meet at Robinson's & Wrights tent in Eagle Gulch this evening to define the Boundaries and adopt a Code of laws for said contemplated District.

E. G. Bartlett President
Alpheus Wright Secretary

Feby 13th 5 O.C. P M. Met according to adjournment. On Motion it was agreed that the Summit of the Snowy Range of the Mountains should be the boundary line on the West. The main fork of North Clear Creek on the North to the mouth of the main Gulch running through the district, Thence South to Eagle District Line,² Thence West to place of beginning. On motion it was agreed that said District should be known by the name of Wisconsin District. On Motion the Gulches in which Gold had been discovered in said District were named as follows to wit:—The main Gulch to its junction with the Middle fork "Secreta," The middle fork "Ericke" Gulch³ to North Clear Creek, The North Tributary of Ericke the "February" Gulch.

¹ Wisconsin District, Book B.

² No records of Eagle District have been found.

³ Later known as Errick Gulch.

On motion the following articles and resolutions were adopted as Laws for the Governing of the above named District.

Art 1st The Officers of the district shall consist of a President, Secretary (who shall also be Recorder) and a Stake Master

Art 2nd It shall be the duty of the President to preside at all regular called meetings of the district, try all Suits, and give the casting vote in case of tie, and shall be allowed a fee of five Dollars for each suit tried before him, and shall attend other meetings free of charge

Art 3rd It shall be the duty of the Secretary to keep a record of all proceedings of the regular called meetings and record all claims, and deeds to claims in a suitable Book for that purpose, Said book to be kept in the District & shall also keep a deputy who shall act in his absence and keep in possession the laws thereof, and shall be allowed the sum of fifty cents for recording each claim and for his other services shall be free of charge

Art 4th It shall be the duty of the Stake Master to stake and measure all claims accurately, drive a stake firmly in the ground four inches square, to each claim, writing the name of the holder, and engrave the number upon it of said claim, & shall have twenty-five cents for Staking each claim for his services

Art 5th No person shall hold more than one claim upon each Gulch or Quartz Lode by preemption and but two by purchase of 100 feet each, the Gulch claim from bank to bankd [bank] and Lodes fifty feet wide

Art 6 Any person or company of persons being the first to discover Gold in any Gulch Lode or patch diggings shall be entitled to one claim of 100 feet in length and of usual width as a Discovery claim in addition to one by preemption

Art 7 Each person holding claims shall be required to have the same recorded within ten days after taken and the same shall hold good until the 18th day of June next, without being worked, at which time they shall be worked at least once in every ten days or forfeited. Provided however if there be

a company they shall hold their claims by working some one of them in the District as above the same as a man

Art 8 All disturbances growing out of whatever cause upon which suit is brought shall be tried before the President, either party to the Suit having the privilege to a jury of three or six persons. Said jury to be allowed two dollars each in every suit. The person bringing suit shall also be required to give approved security before going into trial, for the costs that may accrue on said suit, the cost to be paid by the person looseing the suit. An appeal may be taken before the Miners or according to Law.

Art 9th All deeds to claims shall be given in writing and witnessed by two persons signitures. Resolved that inasmuch as the snow that now covers the ground makes it impossible for Persons taking claims to have them accurately measured and staked, therefore they shall be allowed to take them by number, commencing at the Discovery claim which shall be plainly marked, and commence by numbering up and down from said claim, and record in same way until such time as will admit of them being measured and staked

Art 10 These laws may be amended or altered at any meeting of the miners by due notice, by a two third vote of the claim holders in said district and no one shall be entitled to vote unless he is a claim holder in said district

Art 11 A Petition must be given to the President and shall contain the object of the meeting & signed by twelve claim holders and then the President is authorized to inform the Secretary whose duty shall be to post them up in at least three conspicuous places. The Meeting then went into an Election for permanent Officers, whereupon E G. Bartlett was chosen President, Alpheus Wright Secretary and W. P. Graves Stake Master It was also agreed that the above officers should hold their offices for six months unless a majority of the claim Holders at a regular meeting should determine otherwise

FROM LUMP GULCH²

Central District, Dec. 14, [1860].

Editors News:—We don't enjoy the benefit of a local press here, on which account our advantages and mineral wealth, &c., as well as our talents "are born to blush unseen," unless we avail ourselves of the News as a medium of publicity.

Our District is situated some six miles nearly north of Gregory, and although it is somewhat new and undeveloped, possesses, I believe, advantages and resources not excelled, and

¹ This is on the last page of Central District, Book A.

² *Daily Rocky Mountain News*, December 18, 1860, p. 2.

scarcely equaled, by any district in the mountains. It appears, from the records, that a little more than one hundred quartz lodes have been discovered, and not one of them, which has been opened twenty feet in depth, but prospects well. The Gold Dirt lode has gained a world-wide reputation, but there are several other lodes here and that the only advantage which Gold Dirt possessed over some others was that the quartz was so decomposed that it could be washed to advantage without the aid of mills.

We have labored under some disadvantages here for want of machinery, but our section is beginning to attract attention, and many are coming in now. There are from four hundred to five hundred inhabitants here now, which is as many or more than wintered in the Gregory diggings last winter, and one year from this will see our place a formidable rival to the Gregory region.

We have passed a law setting apart one claim on each lode for a school-fund, and also laws to prohibit the sale of intoxicating liquors, and I submit to you, Mr. Editor, if that is not an indication of a prevailing sentiment in favor of morality and intelligence. We invite, and welcome to our midst, every one who comes here to get a living *honestly*. We shall be glad to have men with capital and machinery come among us, and equally glad to have the laborer here; but horsethieves, gamblers, grog-sellers and black-legs, will not find it a desirable locality to settle in. We are so ignorant here that we can see no difference in favor of the man who takes advantage of his fellow's mental weakness to rob him of his money and make a beast of him besides—putting “a thief in his mouth to steal away his brains”—and the man who takes advantage of his neighbor's physical weakness to rob him of his purse, and lets him go sound in mind and body.

I shall, by your permission, take pleasure in keeping you, and the public, through you, posted in relation to our prospects and successes here, and for the present subscribe myself,
Yours, &c.. “Doc.”

LAWS REVISED AND ADOPTED FEBRUARY 15, 1861¹

OFFICERS OF THE DISTRICT.

President.....	Dr. H. Warne.
Recorder.....	W. B. Osborn.
Sheriff.....	B. F. Hunter.

LAWS

At a meeting of Independent District held at the office of the President of said District, on the 15th day of January, A. D. 1861, for the purpose of amending and revising the Laws of said District, Dr. H. Warne was called to the Chair and Wm. B. Osborn was appointed Secretary.

On motion, a committee of five was appointed to examine the Laws and report to this meeting such amendments as they deem proper; whereupon, Dr. H. Warne, Wm. B. Osborn, Isaac Miller, J. W. Hull and David Ripley, were duly appointed said committee.

Subsequently—on the 15th day of February, A. D. 1861—at a Miners' Meeting called by the President of said District, at the house of G. J. Jones, Esq., for the purpose of receiving and taking action upon the Report of said committee, David Ripley was appointed Chairman, and Wm. B. Osborn chosen

Secretary,—and the committee appointed at the previous meeting reported the following Code of Laws, which were adopted:

BOUNDARIES

Section 1. Commencing at the foot of Bald Mountain, on the East, and running North to Gamble Gulch, thence West to Moon Gulch, thence following the meanderings of said Gulch to its head, thence South to the divide between Boulder and Clear Creek, thence along said divide in an easterly direction to the East line of Independent District running North and South, thence North to the place of beginning.

OFFICERS

Section 2. There shall be one President, one Sheriff, and one Recorder, who shall be elected annually, on the second Tuesday of September, by the legal voters of the District, and hold their respective offices until their successors are elected and qualified; each of whom shall take an oath faithfully and impartially to perform their respective duties according to law and the best of their ability; and each shall have power to appoint one or more Deputies.

ELECTIONS

Section 3. The Recorder and Sheriff, together with three other electors, shall compose the Election Board, each of whom shall take an oath that they will studiously endeavor to prevent all fraud and deceit in conducting the same. But if the Recorder or Sheriff should be a candidate, or fail to attend, the voters present shall fill their vacancies by other voters; two of whom shall be clerks, and the other three judges of said election. If there should be any vote challenged by any elector, either of the clerks or judges may administer any oath necessary to determine the right of said voter. Polls are to be opened at nine o'clock, A. M., and closed at six o'clock, P. M. At the close of the polls, the clerks and judges shall canvas the votes, and the persons receiving the highest number of votes for the respective

offices shall be declared duly elected, and said Board shall issue certificates of election to the several officers, according to their respective offices.

Section 4. Any white person, who has attained the age of sixteen years and resided ten days in the District, shall be entitled to a vote at all meetings and elections. At all elections for officers the vote shall be by ballot, and at all meetings as the President may direct.

SHERIFF

Section 5. There shall be elected by the qualified voters of this District a Sheriff, who shall hold his office until the next annual election, and until his successor is elected and qualified, whose duty it shall be to serve all processes issued by the Court; and before entering upon the duties of said office, he shall give bond, with good and sufficient security to the acceptance of the Court, for the faithful discharge of said duties. He shall be conservator of the peace; and take an oath that he will faithfully and impartially discharge all and singular the duties pertaining to said office.

VACANCIES

Section 6. Any officer resigning, or removing from the District, shall be required to deposit all the books, papers, money, &c., belonging to the District, or pertaining to his office, with the remaining officer or officers of the District, which officer or officers shall immediately call an election to fill such vacancy.

COURTS

Section 7. The President shall be the Judge of the Miners' Court of the District, and any person, having any cause of action, shall file with the President the cause of complaint written in plain English language, and a prayer that the adverse party may be summoned to appear and answer to said complaint, and if the defendant appears, he shall file his answer in writing as above stated; whereupon the Judge shall summon the

defendant to appear at a given time and place mentioned in said summons, which shall not exceed ten days from the issue of said summons. And if the defendant fails to appear, the Judge may proceed to try the cause, and render judgment according to law and evidence; and if the parties appear, they may submit their cause to the Court or three arbitrators, one of whom shall be chosen by the parties respectively, and, if the parties or their referees cannot agree upon the third arbitrator, the Judge shall appoint the third referee, and when the parties so submit their case to referees, as aforesaid, the decision or award shall be final, and the Judge shall proceed to enforce said award as upon judgment at law. If either party shall require a jury, the Judge shall write the names of twelve judicious, disinterested electors of the District, and each party may strike from said list, alternately, beginning with the plaintiff, one name, until only six remain, and the Judge shall issue his venire for a jury of the aforesaid six, and when assembled, each party shall be entitled to one peremptory challenge and also a challenge for good cause shown by the testimony of the jurors or other disinterested person, and the Sheriff shall fill the pannel with talesmen for all vacancies that may happen by reason of non-attendance or challenging of said jurors. All juries shall be sworn by the Judge to try all causes according to law and evidence. Either party may have an adjournment, not exceeding ten days, upon proper cause shown under oath. Costs, in all cases, shall be taxed as the referees, Court or jury trying the same, may direct. Either party may have a right to an appeal from the decision of the Court or jury of six, if he give notice of appeal at the rendition of the judgment or verdict, and pay all costs within five days from the rendition of the judgment or verdict. And when an appeal is so taken, the Judge shall write the names of twenty-four good, disinterested voters of the District, as in the aforesaid jury list, from which each party shall strike therefrom, as in the jury of six, until only twelve remain, and proceed in all respects the same as in the aforesaid jury of six, and the decision of the said jury of twelve shall be final, and the judge shall proceed to final judgment and award execution according to law.

Section 8. All legal claims, whether in law or equity, shall be fairly tried by the referees, Court or jury, as the parties may elect, and judgment shall be rendered by the Court accordingly, upon which said judgment the party recovering shall be entitled to interest at the rate of ten per cent. per annum from the date thereof until paid, and the Court shall proceed to issue execution thereon, for the amount found due, with interests and legal costs; but any rate of interest agreed upon in writing between the parties shall be lawful.

Section 9. The Judge of the Miners' Court shall keep a docket of all proceedings had before him; shall be allowed two dollars and fifty cents per day for presiding at each trial, (and when the Recorder shall preside in his stead, he shall be allowed a like sum); shall be allowed twenty cents per hundred words for making out all necessary papers, except writs of original service and execution, for each of which he shall be allowed fifty cents; for rendering judgment, fifty cents, and making up docket twenty cents per hundred words; for each transcript, duly certified, twenty cents for each hundred words. The Judge, Recorder and Sheriff are hereby empowered to administer all oaths, and perform all other duties pertaining to their respective offices, and which are required by law.

NOTICE OF ELECTIONS AND MEETINGS

Section 10. It shall be the duty of the President to give at least ten days' notice of the time and place of holding any election of officers of the District, naming the officers to be elected, and shall call a meeting of the miners, upon the application, in writing, of twenty-five legal voters of said District, stating the object for which such meeting is called, and he shall preside at all public meetings and perform all other duties pertaining to his said office.

DEPUTIES

Section 11. The President shall have power to deputize any one or more of the miners to serve papers, &c., that he may deem proper, and any person so deputized shall proceed to dis-

charge the duties required of him by law. Upon the commencement of any suit, the Judge may, at his discretion, require the plaintiff to deposite money, or give security, for all costs that may accrue.

JUDGMENT AND EXECUTION

Section 12. A judgment shall be a lien upon all property of the defendant from the time of its being rendered and the Judge shall issue execution forthwith upon judgments including interest and costs, which shall be made returnable ten days after the date thereof, and the Sheriff shall give public notice of the time and place of sale of all property levied upon by him, which shall be by written advertisements posted in three public places in the District at least six days before the sale thereof, and all such property shall be sold to the highest bidder at public outcry to satisfy the execution and accruing costs. But if the said property cannot be sold for want of bidders, unless at great sacrifice, or if the plaintiff order him so to do, the officer having charge of the sale may adjourn said sale any length of time not exceeding ten days. In all cases of real estate sold upon execution, the defendant shall have the privilege of paying the principal, interest and costs, with ten per cent. interest per annum thereon, and said property shall revert to said defendant, or his legal representatives, the same as if such sale had not been made, and the officer selling any real estate as aforesaid, shall not execute a deed to the purchaser thereof, until after the expiration of thirty days. Common wearing apparel, bedding and twenty dollars' worth of tools, shall be exempt from execution.

PROBATE

Section 13. The Judge and Recorder shall have power to choose a third person, and have probate jurisdiction of a deceased person, if said deceased had no relatives within the knowledge of said officers, but if the deceased has relatives or creditors in the District, they may apply and take out letters of administration, by complying with such rules as the President may adopt, and property shall be disposed of by the Court

or administrator to the best advantage to the creditors and heirs of the deceased, and the proceeds paid over to the proper persons entitled thereto, according to directions of the President.

VIGILANCE COMMITTEE

Section 14. It shall be the duty of the President to appoint a Vigilance Committee, consisting of four persons, to examine into and report all criminal violations of the laws of this District, who shall serve for the period of three months, or until displaced by the President; and said committee shall receive one-half of fines arising from their investigations, the other half to be paid into the District treasury. But the informant shall be liable, at all times, to all costs that may accrue, provided there is no cause of action.

LAWYERS

Section 15. No practicing lawyer, or any other person having been admitted as such in any State or Territory, shall be permitted to appear in any cause pending in this District, as attorney or agent of any person, except he himself is a legal party to said suit; and if a lawyer should be a legal party to any suit, the opposite party may also employ counsel in his case, if he chooses so to do, but in all other cases lawyers shall not be admitted.

OUTSIDE DEBTS

Section 16. No debt or demand of any kind shall be collected by suit in this District which has not originated either in coming to this mining region, or since the arrival of such debtor therein.

DUTIES OF RECORDER, &c

Section 17. It shall be the duty of the Recorder safely to keep the books and records of the District, and to file and record all proper papers, upon payment of his fees, and to act as Secretary at all public meetings of the District. The books of records shall always be open to the inspection of all persons,

never to be taken from the possession of the Recorder. All persons shall be entitled to copy any record, at any time, and the Recorder shall deliver over all books and records to his successor in office. In case of absence, interest or inability of the President, the said Recorder may act in all cases in his stead. He shall be entitled to fifty cents for each deed, mortgage, bill of sale or other writing necessary to be recorded, containing one hundred and fifty or a less number of words, and, for every hundred words or fraction thereafter in addition, twenty-five cents. In all cases fees must be paid in advance. Each deed, mortgage, or bill of sale, shall be witnessed by two witnesses. No transfer of any claim of any kind shall be valid, unless the fees are paid for all original records heretofore made in regard to said claim.

Section 18. All certificates of claims of any description remaining in the Recorder's office, upon which the fees are not paid on or before the first day of July next, shall be advertised to be sold, stating the time and place of sale, the number and kind of claim, which shall be sold by said Recorder at public sale to the highest bidder, after giving ten days' notice, and if said claim shall sell for a greater amount than will pay the Recorder's fees, all overplus shall go into the District treasury for the use of the District. The purchaser at said sale shall acquire a valid title therefor by the Recorder certifying on the back of said certificate a transfer by said sale, for which the Recorder may receive twenty-five cents from the purchaser, in addition to the amount bid for said claim.

WRITS OF ATTACHMENT

Section 19. Upon the application of any person holding a legal claim against a non-resident debtor, or any debtor about to abscond or move out of the jurisdiction of the Courts, or about conveying or concealing his property to the injury of his creditors, or secreting himself within the District so that legal service cannot be had, or fraudulently conveying or concealing his property to defraud his creditors, upon filing an affidavit setting forth any of the aforesaid facts, and the amount and na-

ture of his claim, and paying or securing the costs, as the Court directs, the Judge shall issue a writ of attachment to attach all the goods and chattels, lands and tenements, monies, credits and effects, of the debtor, within the District. Notice of the issue of said writ shall be given by the plaintiff, by posting up written advertisements in five conspicuous places in said District, within twenty-four hours after the issue of said writ, stating the time and place where said cause will be tried, which shall not be less than six nor more than ten days from the issue of said writ, and if the defendant or his legal agent appears, he shall have a fair trial, and if he fails to appear the Court shall proceed to hear and determine the cause according to law and the equity of the case, and render judgment and award execution as in other cases, and the property attached by the officer shall remain in possession of said officer until the final termination of said suit, and be sold as other property of the same nature, upon the execution issued upon such judgment. But if the defendant is a resident of the District, he shall be served with a personal notice.

GARNISHEE

Section 20. Garnishee process may issue as part of the original writ, to be served on both defendant and garnishee where the defendant is a resident, or separately, as the nature of the case may require, or it may issue after execution is returned unsatisfied; and, in either case, if the garnishee shall pay the demand over to the defendant, after legal notice, he shall still be held liable to the amount of the plaintiff's judgment and costs, if he was indebted to that amount when service was made, and if in a smaller sum, the amount he was indebted at the time notice was served.

WRIT OF REPLEVIN

Section 21. Any person being in possession of personal property of another, the opposite party may file with the Judge of the Court an affidavit setting forth the name of the defendant, or defendants, with a description of the property claimed, and that he is justly entitled to the possession thereof, and that

said property is wrongfully detained by said defendant or defendants, and that said defendant or defendants refuse, upon demand thereof, to give it up, and upon said plaintiff paying or securing costs to the satisfaction of the Court, the Court shall issue a writ of replevin for said property, and a summons for the defendant or defendants to appear before him at a time and place in said summons mentioned, to answer unto said plaintiff for the unlawful detention of said property; and the officer to whom said writ is delivered shall take possession of the same, and notify the defendant or defendants to appear before the Court, at the time and place mentioned in said writ, to answer unto said plaintiff for the unlawful detention thereof; and if the Plaintiff file a bond, with security to the satisfaction of the defendant or defendants or the Court, within twenty-four hours from the service of said writ, said property shall be delivered to the plaintiff, and if he fails so to do, the property shall be returned to the defendant or defendants, and the plaintiff and his securities shall be liable on their bond for all costs and damages, to be assessed forthwith by the Court or jury as the parties may elect; and if it appear, upon the trial of the cause, which may be had as in other civil cases, that the right of possession is in the plaintiff, then the Court shall render judgment against the defendant or defendants for damages and costs, according to the award, judgment or verdict, as the case may require, and issue execution as in other civil cases.

EJECTMENT

Section 22. Any person being in possession of real estate claimed by another, the claimant may institute his suit of ejectment, which shall be proceeded in as in other civil cases and decided according to law and the equity of the case, and if the claimant sustain his action the defendant shall be removed, by order of the Court, within five days from the trial of the cause, and pay all costs; and, in default thereof, the Judge shall issue a writ of possession, or execution, as the nature of the case may require. If the plaintiff fail to establish his claim, he shall be

liable to the defendant for all costs and damages, to be determined as in other civil cases.

LIENS

Section 23. Any person performing labor or furnishing material for any buildings, claim, or other kind of work, at the request of the owner or agent thereof, shall be entitled to a lien upon the same for the amount of such labor performed, or material furnished, provided said lien is filed and recorded within thirty days from the time said labor was performed or material furnished, and all conflicting liens shall have priority according to their respective origins if filed and recorded as aforesaid.

SUNDAY

Section 24. The officers of this District shall not be compelled to perform any civil business on Sunday. Sunday shall not be counted against any persons staking claims on Saturday.

PUBLIC HIGHWAYS

Section 25. There shall be appointed by the President three Road Commissioners, one of whom shall be a practical surveyor, who shall take to their assistance such other assistance as they may need, and proceed to lay out and establish all necessary public roads and passways for this District, which shall be surveyed, marked, measured and platted, and make returns thereof to the Recorder of the District forthwith, and said Recorder shall record the same. All streets running up and down the Gulch shall be forty feet wide, and cross streets twenty feet wide; cross streets to be located on the lines of building lots, taking ten feet from lots on each side of said cross streets. Persons performing service under this Section shall be entitled to two dollars and fifty cents per day, for all time necessarily employed in the discharge of their respective duties, said amount to be paid out of the District treasury, upon the order of the President, out of any money not otherwise appropriated. Said roads or passways are not to interfere with previous improve-

ments, or if they do, to pay the damages assessed by three disinterested men to be chosen by the President.

Section 26. Any person obstructing any public road or passway, to the hindrance or inconvenience of the public, shall be liable to any fine that may be assessed against him or them by the Court or jury, together with costs of suit, and, moreover, be liable to a like fine for every twenty-four hours that said obstruction shall remain.

TUNNEL CLAIMS

Section 27. If any person shall locate a tunnel claim in this District, for the purpose of working the same, he shall first file a specification of the same with the Recorder, whose duty it shall be to record the same upon the payment of his fees. Said specifications shall state the place of commencement and the termination of said tunnel, together with the names of the parties interested therein. A square stake shall be placed at its mouth, having written thereon the same things hereby made necessary to record. Any person, or persons, engaged in working a tunnel—provided he or they shall comply with the requirements of this law—shall be entitled to two hundred and fifty feet on each side of the center of said tunnel of all lodes that they are the original discoverers of, and also fifty feet on each side of the centre line of said tunnel of all lodes discovered by other persons after the commencement of said tunnel; and said hundred feet last mentioned shall belong to the owners of said tunnel claim, so soon as said tunnel shall be worked to intersect said lode; and such parts of lodes as said tunnel owners are entitled to by this law, shall be held as discovery claims. The line of all tunnel claims shall be surveyed and plainly staked, or marked, from the commencement to the termination thereof, prior to the commencement of the work. If any person, or persons, locating a tunnel claim, shall fail to work the same for the period of fifty consecutive days, after the first day of July next, they shall forfeit their claim to said tunnel, but not to the claims they have discovered, and held by virtue of discovery, before the time of said forfeiture. Tun-

nel claims shall have only the right of way across all lodes that may lie in the course of said tunnel that is staked, marked and recorded according to law.

TOWNS AND VILLAGES

Section 28. Any person, or persons, laying out a village, town or city, in this District, shall erect some prominent monument as a starting point, and file with the Recorder a plat of said village, town or city, within fifteen days, giving a full description of the starting point, the courses and width of streets, size of blocks and lots and numbers of each, and all other things necessary for the location of said village town or city, and the Recorder shall record the same upon payment of his fees.

CLAIMS

Section 29. All claims made on lodes by discovery shall be two hundred feet by fifty wide, a pre-emption claim one hundred feet by fifty wide. All cross lodes within said District shall be the property of the claim owners. Measurement in all cases shall be horizontal. Gulch claims shall be one hundred feet up or down the gulch, extending from bank to bank. Patch claims shall be one hundred feet square. Discovery claims shall be staked and marked as such. All legal claims shall be held as vested rights. Any person shall be entitled to hold one mill site, one water power claim, one gulch claim, one patch claim, one building lot and one village, town, or city lot, one lode claim on each lode, and one tunnel claim, by pre-emption. All claims shall be staked in presence of a witness, (except village, town or city lots, which may be taken by numbers,) and the name of the claimant, and kind of claim, with the date of staking, &c., plainly marked on the stake, and filed with the Recorder within twenty-four hours from the time of staking, and recorded within fifteen days. Filing of all claims shall be free. There shall be no timber claims allowed. No claims shall be valid, if taken by a person not residing in the vicinity of the Rocky Mountains.

Section 30. No lode shall be recorded, unless the lode or

crevice is exposed by actual work, and gold discovered by washing or otherwise. The discoverer may have sixty days to open and prove the lode and file for record, and no lode claim, as a pre-emption, shall be valid, until the discovery claim is filed and a name given to said lode.

WATER POWER, &C.

Section 31. All water powers shall have twenty feet head on all streams large enough to run mills, and shall hold the same as vested rights. All mill sites shall be one hundred feet square to build upon. Building lots shall be fifty feet front and one hundred feet back.

TIMBER

Section 32. All timber on quartz claims shall belong to the owners of the claims, and where lodes run near each other, the timber shall be equally divided between the respective owners; and timber on all other claims shall belong to the owners thereof.

WATER COMPANIES

Section 33. When water companies are engaged in bringing water into any portion of the mines, they shall have the right of way secured to them, and may pass over any claim, road or ditch, but shall so guard themselves in passing as not to injure the party over whose ground they pass.

SHERIFF'S FEES

NEW LODES

Section 35. Owners of newly discovered lodes, running parallel and within twenty-five feet of a previously discovered lode, shall be entitled to work the same and occupy one-half of the surface between the two crevices for waste dirt, quartz, &c. Hereafter, no lode shall be recognized as crossing a gulch, and whosoever shall discover the course and prove up the lode on the opposite side of the gulch, shall have the right of discovery, as the law provides, and shall also have the right to name the

lode; but lodes staked and claimed across a gulch, or an extension of one already discovered on the opposite side, shall be legal, provided they do not interfere with lodes or claims already recorded or being discovered.

CROSS LODS

Section 36. Owners of cross lodes shall have the right to work their crevice up to the crevice of the previously discovered lode, and one-half of the surface, for waste dirt, quartz, &c.

MURDER

Section 37. Any person found guilty of wilful murder shall be hanged by the neck till dead, and then given to his friends if called for, and if not, to be decently buried; and all other crimes not enumerated in these laws shall be punished as the Court or jury of men may direct.

PERJURY OR THEFT

Section 38. Any person found guilty of perjury or theft, shall receive not more than twenty-five, nor less than ten, lashes on the bare back, and banished from the District, and their property confiscated to pay costs of prosecution and damages.

SALTING CLAIMS, &c.

Section 39. Any person found guilty of "salting," as it is termed, or putting gold into either quartz or gulch claims, for the purpose of deceiving, or found guilty of pulling up stakes, or defacing them or in any manner destroying notices or landmarks, shall pay a fine of not less than ten nor more than fifty dollars, and, in default of the payment of said fine, they shall receive not less than ten nor more than twenty-five lashes upon the bare back, and be banished from the District.

SETTING OUT FIRES

Section 40. Any person who shall wilfully, maliciously, or through negligence, set out any fire in this District, or so that

it come into this District and destroy any timber or other property, shall be guilty of a misdemeanor, and, on conviction thereof, shall be punished as the Court or jury may direct, and be liable to all parties injured thereby.

NUISANCES

Section 41. Every act of commission or omission which may affect the public health or convenience, shall be regarded as a nuisance—and the person or persons causing the same, shall be liable to a fine of not more than one hundred nor less than five dollars, and remain so liable for every twenty four hours that the same may continue, to be determined by the Court or jury according to the aggravated nature of the offence, and it shall be the duty of the officers of the District to see that this Section of the law is put in force.

Section 42. All gambling houses and houses of ill fame or prostitution, shall be considered a public nuisance and treated as such.

BOUNDARIES

Section 43. The boundaries of this District shall remain as fixed by the committee elected for that purpose on the 15th of January last, and as set forth in the first Section of these Laws, and as surveyed and platted by said committee, until changed by a vote of the majority of the legal voters of the District, at a meeting legally called by the President of this District for that purpose, or until changed by a committee of Delegates from this and adjoining Districts.

Section 44. These Laws shall take effect from and after their adoption and shall not be altered, changed or amended without the authority and sanction of a majority of the legal voters of the District, at some public meeting legally called for that purpose.

TOLL ROAD

Section 45. John Q. A. Rollins & Co. are hereby authorized to build a toll road from Gold Dirt, up Gamble Gulch or

its vicinity, to connect with a road at the head of Missouri Gulch, that will lead to Central City or Gregory Point, and collect toll on the same, not exceeding one dollar for a double team and seventy-five cents for a single team.

We hereby certify that the foregoing is a true copy of the Revised Laws of Independent District, as passed at a meeting legally called for the adoption of said Revised Laws, which said meeting finished said labors on the 19th day of February, A. D. 1861.

Given under our hands, at said Independent District, the day and year aforesaid.

FAIRFIELD DISTRICT

MINUTES AND LAWS.¹

Boundaries of Fairfield District, as formed May 28th 1860.²

Commencing at the Discovery claim and from thence running West, or up the creek one mile, and from the Discovery claim down the Creek to the West line of Enterprise District or to the mouth of the Missouri Gulch, and to the Summit of the mountains North and South.

Geo. E. Wilson Recorder and Secy.

Fairfield District Mercer's Gulch, June 25th 1860
Meeting convened pursuant to adjournment.

The committee appointed at the last meeting to revise the Laws adopted at a previous meeting, reported by their chairman that owing to the want of necessary information they were unable to make a definite report, and asked for further time to report in, which On motion of John Cummings was granted.

A motion was made by Mr. Emmerson to the effect that a vote be taken by those present in regard to the ownership of what timber may be in the district, whether to the citizens thereof or to those having Ranches in the District, remarks were made upon the Subject by Messrs Furguson, and Eggers, when Mr. Ferguson moved that the Subject be laid upon the table and a committee appointed to investigate the matter and report at a Subsequent meeting, which motion did not prevail.

Mr ——— moved an amendment to the original, which was accepted by W. Emmerson that the timber in Fairfield District be considered as public property. Carried.

Meeting adjourned until Monday Evening next.

¹ Fairfield District, Journal of Meetings of the Citizens. This is a bundle of unbound sheets.

² The provision regarding boundaries was placed in the manuscript after the minutes of the meeting of July 9, 1860.

Fairfield District July 2nd 1860.

Meeting convened pursuant to adjournment.

The committee appointed at a Subsequent meeting to revise the laws formerly adopted by the citizens of this District made the following report which was received, taken up and voted on in Sections and adopted without any further amendments.

Mr. President and citizens of Fairfield District.

Your committee which have had under consideration the Code of Laws as passed at a previous meeting have had the Same under consideration, made Some amendments, such as we deemed right and necessary and therefore Submit the following revision of An Act Defining Claims and regulating the title thereto.

Sec 1.—Be it enacted by the citizens of Fairfield District, That all mining leads of gold, or any other precious or useful metals, and all mining and other claims shall be held under and defined by the provision of this act.

Sec 2.—That the term “claim” as used in this District, shall be construed to mean, when applied to a lead one hundred feet, running the length of the Same, and fifty feet in width; when applied to a gulch one hundred feet, following its meanderings and extending from bank to bank; when applied to patch or placer diggings, one hundred feet Square; when applied to tunnelling claims, the entire distance intended to run the Same for discovery purposes, as shown by record and the stake at the mouth of the tunnell; when applied to a Mill claim, the distance of two hundred and fifty feet Square; when applied to race claims, the distance Staked out to bring water to Mill claim not to exceed in length 750 feet or to interfere with any vested rights; when applied to a ditch claim the entire distance staked out which they intend to run the Same, as shown by the Survey and Stakes; when applied to a water claim, the exclusive right to use water for mining purposes, upon any ditch or stream not exceeding in distance 250 feet when applied to a farming or ranch claim, one hundred and Sixty acres, when ap-

plied to a building claim 50 feet front, and one hundred feet deep.

Sec 3.—That no person shall hold more than [one] Gulch, lead or patch claim in this District except by purchase or discovery.

Sec 4.—That no person shall hold more than one Mill, Race, Ditch, Water, building, Farming or Ranch claim in this District except by purchase.

Sec 5.—That no claim or claims shall be good and valid, unless staked off with the owners name, giving the direction, length, width, and date when the Same was made and when held by a company the name of each member thereof shall conspicuously appear.

Sec 6.—That Each Discovery claim (mining) shall be marked as such, with the name of a lead also (if a lead) and they shall be Safely held whether worked or not. But no person shall be entitled to a discovery claim or any Supposed Lode until he shall open it sufficiently to test its existence.

Sec 7.—That any claim or claims now held by preemption if abandoned for ten consecutive days after being Staked off, shall be forfeited to any person or Persons who may take up the Same and work them and not abandon them as aforesaid. Providing, unless the person or persons whoso has or shall preempt a claim file with the Recorder a statement thereof wherein he shall describe the claim and aver that it cannot be worked or used profitably for the want of water or proper machinery in which case it shall be safely held until the first day of June A. D. 1861.

Sec 8. That all purchased claims shall be safely held whether worked or not *provided they be recorded.*

Sec. 9. That when members of a company consisting of two or more shall work one claim of the company, the rest shall be considered as worked by putting a notice of the Same thereon.

Sec 10. That in all cases when parties shall have complied with the law as far as possible, priority of claim when honestly carried out shall be respected.

Sec. 11. That all Deeds, Bonds, Contracts, Bills of Sale, or instruments of any kind relating to the conveyance of claims, and bonds, shall be witnessed by at least two disinterested witnesses and recorded.

Sec 12. That when any miner shall hold both a gulch and Lead claim by preemption, if one be worked the other may be held without working by recording the Same.

No amendments were made to the following Sections as

SILVER LAKE DISTRICT

NEW ORGANIZATION.¹

At a large and respectable meeting of the citizens of the mountains, held on Silver Mountain, on Monday, the 15th inst. [October, 1860]. On motion W. H. Gray was called to the chair, and A. E. Guild elected Secretary. On being called upon, the chair explained the object of the meeting to be the organization of a new district, the election of officers for said district, and the passage of such general laws for the protection of property in such Territory as would be equitable and just to all persons interested whereupon, a new district, called Silver Lake district, was laid out, bounded as follows, to wit: Beginning at the Northwest corner of Fairfield district, thence running in a Northerly direction, up Silver creek, to the divide between the waters of South Boulder and Clear Creek, thence down the divide to the west line of Missouri district, thence with the Missouri district to the north line of Fairfield district, and thence with the north line of said district to the place of beginning. After which, on motion the meeting proceeded to the election of officers, whereupon A. E. Guild was duly elected President; H. Cooper, Miners' Judge; S. H. Osborn, Sheriff and E. A. Lynn, Recorder, for the term of one year. After the adoption of many useful and necessary regulations for said district, on motion it was *Resolved*, that the Rocky Mountain News and *Herald* be requested to publish the proceedings of this meeting in their daily and weekly papers; whereupon the meeting adjourned, amidst much enthusiasm, with three cheers for the Silver Lake district, and the officers elect and the general prosperity of mining in these mountains.

SPRING GULCH DISTRICT

FROM SPRING GULCH¹

Spring Gulch, Nov. 21, 1860.

Editors News:—It may possibly interest you and your readers to know something of the little excitement arising from a dispute between Spring Gulch and Nevada.—Late last summer, Spring Gulch District was organized according to law, as a mining district, notwithstanding the opposition of the officials of Nevada, and of a few discontented men in Eureka. Our officers were duly elected, and the district went quietly into operation; an acknowledged district by all the neighboring gulches except the disaffected of Nevada. A short time since, a suit arose concerning the possession of a certain house, standing in Spring Gulch. The man in possession at the time, had voted for the organization of our district, and for the present Judge, and had acknowledged our district by transacting business in our court. Finally judgment was obtained against him, and a decree of sale issued by Judge Bond. Immediately he flew to Nevada for help, and with the assistance of his attorney, obtained from the Judge of Nevada, an injunction on the Sheriff of Spring Gulch, forbidding the sale on the ground that the property lay in Nevada District; a most palpable falsehood. The officers of our district disregarded the injunction of course, and sold the property. The defendant said no man should take it. He was told that the purchaser would be put in full possession. The man's attorney, and the Judge and officials of Nevada told him to fight, and they would back him up. He accordingly armed himself, and threatened to kill any man who should attempt to put him out. When the time came to put the plaintiff in possession, the proper officer went and put the defendant out of possession, and the plaintiff in, defendant having concluded to submit. The officers of Spring Gulch were

¹ *Rocky Mountain News*, November 28, 1860, p. 2.

summoned to appear before the Judge of Nevada, which summons was treated with contempt. A warrant of arrest was then issued for all three of our officers, Judge, Sheriff and Deputy, and put in the hands of the officer of Nevada, who never showed himself except in the lower end of our district, where he laid in wait, and did succeed in arresting our Judge, by catching him alone and unarmed, but the other officers they failed to take, for whenever they went out they were armed and openly said, quietly but friendly, that they would *not* be taken alive. They took our Judge and gave him a sort of mock trial and tried to make him give bonds never more to act as Judge of Spring Gulch District, or to take thirty-nine lashes, and to be fined fifty dollars anyhow. Our Judge faced them manfully, denied their jurisdiction, declared them not a court but a lawless mob, which indeed they must have resembled, and refused to give any sort of bonds, or to so far notice the court as to make any defence. They finally backed out, remitted the bond, lashes, fine and costs, and set him free. When he returned, a mass meeting of the citizens of our district was called, and with an account of that I will close this lengthy letter. The lawless and outrageous course of the Judge of Nevada in this matter, aroused great indignation against him and his officials, who seek to enlarge their Territory in order to take in more money for recording and in law suits. A mass meeting was immediately called, by some of our best men, among whom were Messrs. Starr, Johnson, Hawke, Nuckolls, Please, Byers & Co., H. G. Otis and many others. The meeting organized by calling Mark Allyn to the chair. Judge Bond stated the facts in the case, and the circumstances of his arrest and trial. On motion, Messrs. Lloyd, Adamson, J. P. Henry and J. H. Myers were appointed committee on resolutions. During the absence of the committee, Mr. Swift of Eureka made a speech, assuring us of the sympathy and support of Eureka District, and giving a history of the district, &c. He was followed by Dr. Lomas from Missouri Flats, in the Illinois Central District, who assured us in warm terms of the sympathy of Missouri Flats, and of his entire district, and of their entire recognition of us as a dis-

trict, and of a determination on the part of his district to support us. He made a few remarks of a legal nature, proving plainly and forcibly the entire legality of our organization. The committee on resolutions reported the following which were unanimously adopted.

Whereas, A mob of the people of Nevada District have recently under pretence of legal authority, by force and contrary to law attempted to interfere with officers of Spring Gulch District in the discharge of their duty as officers, and have attempted to assume jurisdiction over a large portion of our territory; therefore,

Resolved, 1. That we, the people of Spring Gulch District, will in future at all hazards, sustain our district laws and officers as against any mob of Nevada District, and that we will resist to any extreme, any, and all encroachments of Nevada District, on our Territory, or any part thereof as established by us, at an election held for the purpose of re-organizing our district, September 29th 1860.

Resolved, 2. That we regard the arrest of one of our officers and the attempted arrest of others by the officials of Nevada District for discharging their duty as officers of said Spring Gulch District a most heinous outrage upon our rights as a legally organized district, and that we will not in future submit to any repetition of the same.

Resolved, 3. That the course of Judge Gones and the President of Nevada District in arresting and trying the Judge of Spring Gulch District is one of the greatest outrages ever perpetrated by a sworn officer of the land, by issuing a warrant of arrest against one of his peers, thereby violating the law of nations, and in issuing a warrant of arrest without the affidavit required of him by his oath of office, thus making himself a *perjured* officer in the eyes of the law.

Resolved, 4. That the Judge of Spring Gulch District be recommended to issue a writ of restitution and place it in the hands of the proper officer, and that we assure that officer of our united and hearty support in the discharge of his duty.

Resolved, 5. That the proceedings of this meeting be made a matter of record.

Resolved, 6. That the proceedings of this meeting be published.

Jno. J. Monell, Jr., Sec'y.

Mark Allyn, Ch'n.

The above account I copy from the minutes of the meeting obtained from the Secretary of the meeting.

We are determined Mr. News, to be a district, and to support our organization, and we *will* do it, and all our sister districts assure us of their support and sympathy.

Yours truly, Hans Jacobs.

Section Five.

Be it further enacted: that ten days' residence within this District shall constitute the only qualification for voting for all males over twenty one years of age.

Section Six.

Be it further enacted: that it shall be the duty of the Justices and Judge to sign all writs issuing from the Miners Court, to make all transcripts of Judgments required—on payment of their fees, to enter judgments and pay over to the proper parties moneys collected on such judgments and exceptions, to try all criminals and pay over to the Treasurer all moneys they receive for the District for fines and judgments, and to perform such other duties as necessarily appertain to their offices.

Section Seven.

Be it further enacted: that the distinctions between Law and Equity shall not be recognized in the Miners Court, and parties in any case may avail themselves of all their Legal and Equitable claims on defenses in the same action.

Section Eight.

Be it further enacted: that the Miners Court may grant writs of Injunction—upon motion—in all proper cases, and all other motions—upon sufficient cause supported by affidavits, and may do all such other acts as a court of Equity may do.

Section Nine.

Be it further enacted: that the Miners Court shall have power to fine for contempt in a sum not exceeding One Hundred Dollars and may issue execution thereon as upon a Judgment.

AN ACT IN RELATION TO PRACTICE IN THE MINERS' COURT

Section One

Be it enacted by the citizens of Lake District in Convention assembled:

That if any person shall wish to commence a civil action in the Miners Court of this District, he shall file with a Justice thereof a statement in writing, setting forth the grounds of complaint, which shall contain all the facts and allegations necessary to constitute a cause of action, in plain and unequivocal language. Such statement shall be known and called by the name of a complaint. Upon the filing of a complaint the Court shall issue a writ or summons to be served upon the defendant to appear and answer at the time therein named, or Judgment will be issued by default. If the relief demanded be for a sum of money the amount shall be stated in the summons. If for a sum of money and other relief, the summons shall state in substance, that if the Defendant do not appear and answer at the time therein named judgment will be taken against him by default for the sum of money, and such other relief as to the Court may seem proper. If the remedy applied for shall not be for any sum of money, the summons shall ask judgment for the relief demanded in the complaint.

Section Two

Be it further enacted: that the defendant at any time before the day set for trial of any cause in the Miners Court, may file his answer or demurrer, upon either of which the plaintiff may join issue, and if an answer be filed containing new matter irrelevant to the issue, it must be denied or avoided by the plaintiff in his reply, and all matter not denied or avoided by one pleading subsequent to another shall be taken as confessed and true.

Section Three

Be it further enacted: that the term of three days shall be granted for the filing of each pleading subsequent to another, until the issue is made up.

Section Four

Be it further enacted: that all pleadings shall be verified by the parties or their attorneys.

Section Five

Be it further enacted: that in all cases of the foreclosure of a mortgage, or lien of any kind, the Equity of Redemption shall not extend beyond ninety days.

Section Six

Be it further enacted: that in all cases for partition of claims between joint owners, three disinterested commissioners shall be chosen by the parties who shall effect such partition.

Section Seven

Be it further enacted: that depositions may be used in evidence, provided the witness is sick, and unable to attend the place of trial, or about to leave the country, or is out of the jurisdiction of the Court. If taken within the District, notice shall be served upon the adverse party, of the time, and place when the said deposition is to be taken, if out of the District, notice shall be given by mail, by publication in the Denver newspapers, or by any other method whereby—in the judgment of the Court—the party would be most likely to receive notice.

Section Eight

Be it further enacted: that the rules of evidence as admitted in the Courts of the United States shall be observed in the Miners Court.

Section Nine.

Be it further enacted: that no cause shall be continued, unless upon the affidavit of a party or his attorney—of the absence of a witness whose evidence is material to the issue—as he verily believes, and that he cannot safely proceed to trial without the evidence of said witness, who, he believes, can be procured at some future time which he shall state, or for some other good and sufficient cause.

Section Ten

Be it further enacted: that in all cases of attachment and Replevin, the practice prescribed by the laws of Kansas for

1859 shall be observed, and when, in case of attachment the defendant has left the District, or keeps himself secreted within the same so that process cannot be served upon him, notice shall be posted up at three of the most conspicuous places in the District for ten days, which shall be deemed sufficient notice. The Court shall be satisfied before granting notice to be posted, that the defendant cannot be reached in the usual way.

Section Eleven

Be it further enacted; that garnishee process may issue as a part of the original writ to be served on both Deft and garnisher, or separately, or it may be issued separately after the execution is returned unsatisfied, and in either case if the garnisher shall pay the demand over to the Deft after legal notice, he shall be held liable to the amount of Pltffs judgment and costs, if he was indebted to that amount when service was made, and if in a smaller sum, the amount of his indebtedness at the time notice was served.

Section Twelve

Be it further enacted: that all special proceedings in the Miners Court shall be conducted according to the forms prescribed in the Laws of Kansas for the year 1859, as far as consistent with the laws and local affairs of this District, and all motions relating to such proceedings shall be verified by affidavits of the parties or their attorneys.

Section Thirteen

Be it further enacted: that new trials of all cases which have been or may be tried shall be granted upon the same terms as are required by the rules of the Common Law, and it shall be discretionary with the Court in all cases to grant or reject the application.

Section Fourteen

Be it further enacted: that no debt or demand of any nature shall be collected by suit in this District which has not

originated either in coming to this mining region, or since the arrival of the debtor within the limits of Colorado Territory.

Section Fifteen

Be it further enacted: that in all cases when the liability of persons in actions founded on contract or in mixed actions is not defined by the laws of this District, the common law rules shall apply.

AN ACT RELATING TO TRIAL AND ITS INCIDENTS

Section One

Be it enacted by the citizens of Lake District, in Convention assembled; That in all cases when a civil action is commenced in the Miners Court, the Ptff shall file a bond with one or more good and sufficient sureties, conditioned to pay all costs which may be taxed against him in case he shall fail to recover judgment in said suit.

Section Two.

Be it further enacted: that upon the return day of a summons, if either party shall call for a Jury, he shall first advance the fees, at the rate of one dollar and fifty cents for each Juror, and, in case he shall prevail in the same the fees so advanced shall be taxed against the adverse party, but in case no Jury is called for the cause shall be tried by the Court.

Section Three

Be it further enacted; that when a Jury is called for, the Court shall issue a *Venire*, and the Constable shall make out a list of twenty four names of citizens of the District, and shall submit the same to the parties or their attorneys, who shall strike off, each of them alternately, an equal number of names until the proper number shall remain, said number to be either three, six, or twelve, as the parties may agree.

Section Four

Be it further enacted; that if any person wish to enter

an appeal from the Justices Court, he shall give notice thereof within five days from the day when the verdict or judgment was rendered, either by giving notice in open Court, or by procuring the same to be entered upon the docket, and shall perfect his appeal within five days by giving security for the payment of all costs which have accrued, or may accrue in the course of the proceedings on appeal, said security to be approved by the Justice from whom the appeal is taken, and by advancing Jurors fees. The cause shall then be set for trial in five days thereafter.

Section Five.

Be it further enacted; that Jurors may—by direction of the Court—render special verdicts, upon which the Court may enter judgment and issue its decree or order.

Section Six.

Be it further enacted; that a Juror may be challenged for favor or cause shown by his own evidence or that of others.

Section Seven.

Be it further enacted; that in case of a deficiency of Jurors—the Constable may summon as many as may be needed to make up the requisite number.

Section Eight.

Be it further enacted: that in all cases the defeated party shall be liable for the costs of the suit.

Section Nine.

Be it further enacted: that from the decision of the Appellate Court, and the verdict of the Jury sitting on an appealed case, there shall be no appeal.

Section Ten

Be it further enacted: that all executions issuing out of

the Miners Court shall be made returnable within twenty days from the date, and the Constable shall note on each execution within the said twenty days, whether satisfied or not, with his proper return thereon endorsed.

Section Eleven.

Be it further enacted: that every summons shall give five days notice, and execution for judgment and costs shall issue within five days from the date of judgment.

Section Twelve

Be it further enacted; that the President Judge may call a public meeting at any time he may deem the same necessary, by giving forty eight hours notice, said notice to be posted in six places as conspicuous as may be found in the District

Section Thirteen

Be it further enacted; that—when the parties consent—the Justice may swear them as to the matter in controversy, and decide the case without other witnesses and without a Jury, said decision to be final, the fees of the Justice in such cases to be two dollars.

Section Fourteen

Be it further enacted; that—when the parties consent—any matter in controversy may be submitted to three Arbitrators, one to be chosen by each party, and the third to be selected by the two thus chosen, or by the Justice should they be unable to agree. Said arbitrators shall be sworn by the Justice to justly try the case submitted to them, and shall receive instructions from the Justice as to any point of Law which may arise, without being bound to adhere to the strict rules of law. Before thus submitting the case, the parties shall bind themselves in a penalty double the amount in controversy and the costs which may be awarded, to abide by the decision given, without further litigation. The fees of said arbitrators to be two dollars each, which may be demanded before proceeding to trial.

AN ACT IN RELATION TO CRIMES AND NUISANCES

Sec. 1.

Be it enacted by the citizens of Lake District in Convention assembled that all crimes committed in this District shall be punished as a Jury of twelve men may direct, except in cases where it may seem to the Court advisable to submit the consideration of the same to a Miners Meeting regularly called for that express purpose.

Sec. 2.

Be it further enacted that any person who shall cause or commit any nuisance affecting or liable to affect the health of the people of this District—may be prosecuted for the same in the Miners Court in the name of Lake District versus the Deft. and shall be liable to pay damages in a sum not exceeding one hundred dollars and costs of suit. Such sum to be applied to the use of said Lake District.

Sec. 3.

Be it further enacted that executions shall issue in all cases under the provisions of this Act in the name of the District.

Sec. 4.

Be it further enacted that on receiving information of the existence of any nuisance within the District—liable to affect the public health—the President shall order the immediate abatement thereof and if it shall appear satisfactorily to him that said nuisance has arisen through the act or negligence of any person or persons—he may order such person or persons to remove the same at his or their expense—on penalty of such fine as may seem to him—the said President, adequate. In case the person or persons guilty of such act or negligence— can not be found—the District shall pay the expense attending the abatement of said nuisance.

AN ACT IN RELATION TO LEVY AND SALE UPON EXECUTION

Sec 1

Be it enacted by the citizens of Lake District in Convention assembled—

That there shall be exempted from levy and sale upon execution all tools for mining and mechanical purposes, bedding, clothing, cooking utensils and necessary provisions for three months and in case of a man residing here with his family—one dwelling house not exceeding in value five hundred dollars and such articles of household furniture as are strictly necessary together with a Cow and calf—a bible, family pictures and relics.

Sec. 2.

Be it further enacted—that all property taken in execution shall be posted in three conspicuous places in the District for ten days next preceding the sale thereof and the court may adjourn the said sale at any time when it appear that the property cannot be sold unless at a great sacrifice for want of bidders.

Sec. 3.

Be it further enacted—that money collected on execution shall be paid into the hands of the Court by the Constable to satisfy the Judgment in whole or in part—as recorded in his books and the Court shall pay the same to the proper parties or their attorneys.

Sec. 4.

Be it further enacted—that no levy shall be made upon Real Estate—until return has been made that sufficient personal property cannot be found within the District.

Sec. 5.

Be it further enacted that in any case of levy upon property—the defendant may transfer said levy to any other property within the District—provided he shall satisfy the Court that said property is unincumbered and is worth twice the amount named in the writ upon which said Levy is made.

AN ACT DEFINING CLAIMS AND REGULATING THE
TITLE THERETO

Section 1.

Be it enacted by the people of Lake District in Convention

assembled: That all mining Lodes of Gold or of any other precious or useful metals and all Gulch or other claims shall be held under and defined by the provisions of this Act.

Section 2.

Be it further enacted that the term "claim" as used in this District shall be construed to mean—when applied to a Lode—One hundred feet running the length of the same: when applied to a Gulch One hundred feet square: when applied to Patch or Placer diggings one hundred feet square: when applied to tunnelling claims—the entire distance intended to run the same for discovery purposes as shown by record: when applied to Quarts Mill claims—two hundred and fifty feet square: when applied to a Ditch claim the entire distance staked out and to which it is intended to run the same—as shewn by survey and the record when applied to a water claim—the exclusive right to use water for mining or Mill purposes upon any Ditch or stream—not exceeding two hundred and fifty feet: when applied to a farming or Ranche claim One Hundred and Sixty acres: when applied to a building claim forty feet front—by one hundred feet in depth.¹

Section 3.

Be it further enacted that no person shall hold more than one water, building, farming, or Ranche claim—except by purchase.

Section 4.

Be it further enacted that hereafter all claims within this District shall be held as Real Estate.

¹ In the other copy this section reads as follows: Be it further enacted that the term "claim"—as used in this District—shall be construed to mean—when applied to a Lode—One Hundred running the length of the same and Twenty Five feet in width on each side of the Main Crevice: when applied to a Gulch—One Hundred feet Square: when applied to Patch or Placer Diggings—One Hundred feet square: when applied to Tunnelling claims the entire distance which it is intended to run the same as shewn by survey and the record: when applied to a Water claim—the exclusive right to use water for mining or Mill purposes upon any Ditch or stream—not exceeding Two Hundred and Fifty feet: when applied to a farming or Ranch claim—One Hundred and sixty acres: when applied to a building claim Forty feet front, by One Hundred feet in depth.

Section 5.

Be it further enacted that no claim shall be regarded as valid unless the name of the owner or owners—the direction of the claim, its length—width and the date when made shall be recorded, and when held by a company the name of each member shall also be recorded.

Section 6.

Be it further enacted—that when members of a Company consisting of two or more—shall work one claim—the rest shall be considered as worked by putting notice of the same on record.¹

Section 7.

Be it further enacted that in all cases when parties shall have complied with the laws as far as possible—priority of claim honestly carried out—shall be respected.

Section 8.

Be it further enacted that all partnership contracts, or agreements concerning an interest in claims or lands, and all contracts relating thereto—shall be in writing and shall give the names and interests of each of the parties, and in case of a partnership—the firm name—and the same shall be recorded within twenty days after the execution thereof, or said contracts or agreements shall not be regarded as binding upon or affecting anyone except the original parties in any case.

Section 9.

Be it further enacted—that all Deeds, Bonds, Contracts, Bills of Sale or instruments of any kind relating to the conveyance of claims—and lands shall be witnessed by at least two disinterested persons and recorded.

Section 10.

Be it further enacted—that when any miners shall hold both a Gulch and Lode Claim—if one be worked the other may be held without working by recording the same.²

¹This section is omitted in the other copy.

²This section is omitted in the other copy.

Section 11.

Be it further enacted—that any person owning a Quarts Mill claim upon which he has a Mill or is preparing to erect one—may claim the right to cut a race or ditch from any stream to bring water to said Mill—not interfering with vested rights.

Section 12.

Be it further enacted—that all claims held by virtue of laws heretofore in force shall be regarded as vested property and no person so holding them shall be disturbed in the possession thereof.

Section 13.

Be it further enacted: that when water is claimed for Gulch Mining and Quarts Mill purposes on the same stream—neither shall have more than one half—unless there shall be sufficient for both when priority of claim shall determine their respective rights to the same.

Section 14.

Be it further enacted that if two or more persons wish to use water on the same stream or ravine for Quarts Mill purposes—neither shall be entitled to use more than his proportional share of water, and in case there should not be sufficient water for all—priority of claim shall determine the right to such water.

Section 15.

Be it further enacted that when water companies are engaged in bringing water into a portion of the mines—they shall have the right of way and may pass over any road, claim or ditch—provided the water shall be so guarded as not to interfere with any vested rights.¹

¹In the other copy this section reads as follows: Be it further enacted that when water companies are engaged in bringing water into any portion of the mines within this District—they shall have the right of way, and may pass over any Road, Claim or Ditch—provided the water shall be so guarded as not to interfere with vested rights and provided adequate compensation is paid to parties damaged thereby.

Section 16.

Be it further enacted that claims of every kind except discovery mining claims must be recorded unless the same are worked or used according to law.

Section 17.

Be it further enacted that the laws and customs observed in mining regions within the United States—relating to mining under building lots—upon Rancho—farming—and other claims, shall be observed in this District.

Section 18.

Be it further enacted, that if any person shall locate a Tunnel for the purpose of discovery—he shall first file a specification of the same with the Recorder, whose duty it shall be to record the same upon payment of his fees. The said specification shall define the place of commencement and the termination of the Said Tunnel—together with the names of the parties interested therein.

Section 19.

Be it further enacted—that any person or persons engaged in working a Tunnel—provided he or they shall comply with the requirements of the law—shall be entitled to Two hundred and fifty feet on each side of the same—of all Lodes discovered in consequence of the working of the Tunnel—and such portions of the Lodes as they are entitled to in consequence of such discovery shall be held by them as discovery claims, provided they do not interfere with vested rights, and if it shall appear that claims on the line of said Tunnel are recorded so that the required number of feet cannot be taken next to the same, they may be taken upon any part thereof not recorded and unworked.

Section 20.

Be it further enacted—that any person or persons—working a Tunnel provided he or they shall comply with the require-

ments of the law—shall be entitled to the following space of ground for the purpose of depositing Quarts and other rock¹—vis—one hundred feet in width on each side of the center of the Tunnel at its commencement and one hundred feet in length or so much thereof as may be thus held without interfering with vested rights.

Section 21.

Be it further enacted—that the person or persons engaged in working a Tunnel—shall, after the same is legally located and recorded, have the priority of right to all Lodes discovered on the line thereof, from its mouth to its termination and shall have the right of way through all Lodes which lie in the course of said Tunnel.

Section 22.

Be it further enacted—that other questions not settled by the provisions of this Act—arising out of riparian rights—shall be settled according to the common law rules.

Section 23.

Be it further enacted that any person shall be entitled to hold one Claim on each Lode by preemption.
